REVISED

RE: File# SWR-161

DEAR JOHN P. PRAHAR,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Eugene Butts. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

place of use (1/4 1/4)

ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You need to identify the 1/4 1/4's where use is.

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer

## BIOGRAPHICAL APPENDEX.

came to Coos Co. in 1870, and settled on Coos Bay. He now resides in East Marshfield and runs the ferry between Marshfield and East Marshfield. His wife's maiden name was Laura Schrawyer, born in Germany, Jan. 15, 1852, and they have one child, Max A.

TICHE NOR, RANDOLPH, one of the heroes of the early struggles in Curry Co., is a native of New York, where he was born July 18, 1827. He came to the coast and settled in Curry Co. in July, 1851, and has lived at Port Orford, Big Bend and Rogue river and Gold Beach. This adventurous and sturdy pioneer followed mining at Randolph in 1854, and was one of the several volunteers to cut a trail from the coast to Fort Lane in Jackson county, but returned to Port Orford after an absence of two months. In 1855 Tichenor, Chas. Foster, John Mast, Morris Rodgers, and R. A. Taylor went to the Big Bend on Rogue river and made a settlement by building a large log house, but on being notified that the Indians were hostile, and killing every white person they found, by E. H. Meservey, Barney Cootle and two Frenchmen, who had traveled in the night to notify them, they were undecided what to do. At this time Krantz with a detachment of soldiers came from Port Orford looking out another route to Fort Lane. They had no arms with them. Early the next morning Lieut. Krantz and Foster started for Port Orford after arms and ammunition and were gone two days. They commenced putting themselves in condition to defend themselves. They cut holes in the sides and ends of the house to give a chance for shooting. Krantz, after returning from Port Orford, went up the river the next day and was just in time to participate in the battle of Hungry Hill. Their situation was not very safe, and provisions were becoming less every day and after a council they decided to abandon Big Bend and return to the mouth of the Rogue river. He went on to Port Orford. Mr. Tichenor is one of Curry county's best citizens, and is known to have been brave and fearless during the Indian war and his many friends are pleased to see him living in comparative comfort. His reminiscences of the coast would fill

a volume like the present one with interesting narratives.

THRUSH, NATHANIEL, was born March 7, 1841, in Lee Co., Iowa. He crossed the plains in 1854, driving five yoke of cattle, when only thirteen years old. Stopped at Grizzly Flats, Cal., six weeks, then moved to the American river, and lived there until they came to Oregon in 1856, and settled near Corvallis, but the next spring they went to Siuslaw. In the fall of 1857 Mr. Thrush, with his parents, moved to Canyonville, Douglas Co., Or. In January, 1863, Nathaniel enlisted in Company F, First Oregon Cavalry, and returned home in March, 1865. With his parents he came to Coos county, and settled on lands where Riverton now stands. He took up a homestead and after proving up on it, he laid out the town of Riverton. His parents settled at Randolph, where in 1890, on Feb. 1st, a large slide came down the hill striking the house, killing Nathaniel's father, John Thrush and also his grand daughter, who was 16 years old. A portion of the house was thrown into a slough near by. There was three other persons in the house at the time, but they miraculously escaped. They were Richard Thrush, Horace Russel and William Hutchison. Nathaniel Thrush left the house about twenty minutes before the accident. He had looked over the grounds only a few days before the accident and could find no signs of its giving away. Nathaniel Thrush was married in 1873 to Miss Saphronia Hunt, on Cunningham creek. She was born in California. There were seven children born to them. Frank, born July 10, 1874; Carrie, born Feb. 25, 1876; Norris, born Jan. 3, 1878; Richard, born July 11, 1880; Susan, born Oct., 1884, died in 1886; May, born Oct., 1886.

THRUSH, JOHN, who was killed by a slide, was born in Pennsylvania and was 72 years old. Nathaniel's mother is now 80 years old and lives with her son, Richard, at Randolph.

TURNER, JESSE, was born in Sonoma Co., Cal., March 5, 1865, and came to Oregon Nov. 1, 1892, and settled at Port Orford, but in 1894 he moved to Gold Beach, having been elected sheriff of Curry Co., which office he still holds. His wife's maiden name was Louisa A. Sutton, born in

RE: File# **SWR-161**

DEAR JOHN P. PRAHAR,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Eugene Butts. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

✓ place of use (¼ ¼)

ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You need to identify the ¼ ¼'s where use is.

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer
