MEMO

To: Kristopher Byrd, Well Construction Manager
From: Tommy Laird, Well Construction Program Coordinator
Subject: Review of Water Right Application G-19399
Date: March 10, 2025

The attached application was forwarded to the Well Construction Section by the Groundwater Section. Dennis Orłowski reviewed the application. Please see Dennis' Groundwater Review and the Well Report.

Applicant's Well #Thompson Road Well (WASH 60848): Based on a review of the Well Report and on comments from the Department's Groundwater Section and Field Services Division Administrator associated with previous GW application G-18856, Applicant's Thompson Road Well seems to protect the groundwater resource.

The construction of Thompson Road Well may not satisfy hydraulic connection issues.
