Dear Sir:

Enclosed please find my official receipt No. 5874 for \$2.95, which amount was transmitted with your letter of the 11th instant together with application No. 5965 for permit to appropriate water in the name of the M. E. Church. I am also in receipt of two maps.

I note from the application the point of diversion from China Creek is given as within the NW SW Sec. 4, T 39 S. R. 5 W., but the map would indicate that the point of diversion was within the NW SE Sec. 4. I am returning the maps together with a thin township plat and would be glad if you would prepare a new map and return it to this office with instructions to correct the application in accordance therewith.

Upon the receipt of a corrected map the application will be taken up for approval.

Dear Sir:

Enclosed please find my official receipt No. 5845 for 50¢, which amount was transmitted with your letter of the 25th instant making application for permit to appropriate water in the name of the Board of Trustees of the L. E. Church. This letter has been considered an application for permit to appropriate water, numbered 5965 and application blank is returned herewith for completion.

I am enclosing a copy of instructions and trust that you will have no difficulty in completing this filing. If the water is to be used only for the irrigation of 3 acres of land the fees on the same will amount to \$3.45, or \$2.95 in addition to the amount you have transmitted. You will also note that maps are required to be filed with all applications for permit to appropriate water.

In order to retain its original date of priority this application completed and accompanied by the required maps and balance of fees should be returned to this office on or before February 28, 1918.

Gentlemen:

Permit No. 3710.

I note from the records of this office that final proof has not been submitted under your permit No. 3710, which covers the appropriation of 0.05 second foot from China Creek for irrigation of three acres, although the time for the completion of this water right as fixed in the terms of the permit expired October 1st, 1921.

In view of the fact that final proof has not been submitted, we presume the water right has been abandoned, and if so, we would be glad to have you authorize the cancellation of the permit on our records, as this will eliminate the necessity for following the regular procedure for the cancellation of the same. However, if the land has all been irrigated, final proof should be submitted in order that water right certificate may be issued by the Board.

Our records show that final proof blanks were forwarded you for execution under this permit on June 10, 1919, but up to the present time final proof has not been received at this office. We would be glad to forward a new set of proof blanks upon request.

Trusting we may hear from you in regard to this matter, I remain,

Gentlemen:

I am enclosing blank for proof of appropriation of water under permit No. 3710.

I note that you have until October 1, 1921 in which to completely apply the water to the proposed use under this permit. If all the water which you contemplate using under this permit has not been used, you should withhold the enclosed proof until the expiration of the time allowed for the completion of your right, or until such time as you have applied all the water which you intend to use. However, if all the water which you desire to use under this permit has been used, you should fill out the enclosed proof and return to this office, together with \$1.00 to cover recording fee, and the matter will be presented to the Board at its next meeting for approval and issuance of final water right certificate.

Permit No. 3710.

Dear Sir:

I am in receipt of your letter of the 5th inst., and note that construction work was completed under application No. 5965, permit No. 3710. According to our records construction work was required to begin on or before March 2, 1919, and your letter does not state that construction work was begun prior to that date.

I would suggest that you fill out the blank attached to the permit giving the date of beginning of construction work, and if you wish, the notice of completion of construction work may also be filed at this time.
