Secretary, State Water Board,
Salem, Oregon.

Dear Sir:

We are enclosing herewith two, "Notices of Complete Application of Water to a Beneficial Use"; being your form "C". The first notice is with reference to Application No. 3311; being Appropriation Permit No. 1933, covering the original appropriation for the entire flow of the waters of Macklyn Creek. The second is with reference to Application No. 3310; being Reservoir Permit No. 266, covering the storage of the waters of Macklyn Creek.

These two Applications were issued to The Brookings Timber and Lumber Co., of which corporation we are the successors; as shown by "The Record of Corporate Change of Name", on file with the Secretary of State of Oregon.

Although, the actual work on the construction of our Log Pond, which is covered by the two Permits, was completed some time ago, we did not think that the "Complete Application of Water", had been made until our Saw Mill commenced operation.

Very truly yours,
