**A fee of \$175 must accompany this form.
The Claim will be returned if the fee is not included.**

This form may be completed by the permit holder of record if:

- 1) The permit was issued under the authority of ORS 537.409.
- 2) No secondary permit exists for the use of water stored in the reservoir.
- 3) The developed capacity of the reservoir is less than 9.2 acre-feet.
- 4) The water was stored by the date required in the permit.

A separate form shall be completed for each permit.

This form must be submitted to the Water Resources Department within one year of storage of water in the reservoir.

Please type or print in dark ink. If the data provided is found to contain errors or omissions, it may be returned. The Department may require the submittal of additional information.

If you have questions regarding the completion of this form, please call 503-986-0900 and ask for the Certificate Section.

Subject: Glenn and Susanne F. Howard, Permit R-14584

Good morning Matt,

The Department has received the Claims of Beneficial Use (Claim) and fees for Permit R-14584 and S-54563. The Department is returning the Claim report and fee for Permit R-14584 to Glenn and Susanne Howard, as a Claim for Alternate Reservoirs was submitted, and the Claim report was not performed by a CWRE. ORS 537.409 does not authorize the permit holder to prepare their own Claim if a secondary permit has been issued to use the water stored under the reservoir. The above referenced permit is included as the source of water to be used under Permit S-54563.

I have attached a hardcopy of the most recent return letter as well as the Claim form for Reservoir Permits by CWREs (not self-certified), which can also be found on our website. Once the Claim report for Permit R-14584 is completed, they can re-submit. If you have any questions or concerns, please feel free to contact me.

Thank you,

Corey A Courchane
