Dear Mr. and Mrs. Martin:

We have received your map and your application for a permit to use 500 gallons of water per minute from a well for irrigation of 320 acres. Your application could not be filed because it was not accompanied by a statutory examination fee of \$20.00.

In addition to the examination fee, your application would also require a permit recording fee of \$97.00. Therefore, total fees of \$117.00 are necessary to complete your application.

Your application and map appear to be satisfactory. Therefore, rather than return them, I will hold them in my office pending receipt of the fees.

Your application will receive the priority date as of the date the necessary fees are received.

Sincerely,

Vestal R. Garner
Water Rights Engineer
