

Alright you guys, this is a test, DO YOU KNOW WHAT TIME IT IS? The answer is, it's time to get the maps, reports, answers, mylars and all that kind of stuff back to the Water Resources Department. There's talk around the office of putting together a "map-patrol" with a tough leader to travel around and retrieve the required documents.

You may remember, I reviewed maps for compliance with Oregon Revised Statutes and Oregon Administrative Rules submitted to support pre-1909 vested water right claims. For the past few months and up to a year ago I have returned maps, requested mylars, asked for clarification, and asked for reports. Some of these files are getting stale.

It is very important that you give me something, preferably the map, mylar, report, etc. but at minimum you must give me a submittal date. The review of the files cannot be completed without the map, report, etc. It is a deterrent to the claimant, your client, for this issue to go unresolved.

If you need copies of anything in the files, just let me know. I have hand written below the file numbers of those I returned to you. The toll free number is 1-800-624-3199.

RE: File# **SWR-218**

DEAR JOHN P. PRAHAR,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Richard C. Hildebrand. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

conveyance	ORS 539.120 "...the location of and each ditch, canal, pipeline or other means of conveying the water..." I need to know what is use for the domestic system.
place of use (1/4 1/4)	ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You must add the 1/16th lines.
diversion point size	OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems."

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number. As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer

LANGLOIS OR 97450

Dear MR HILDEBRAND,

This will acknowledge that your Surface Water Registration Statement in the name of RICHARD C HILDEBRAND has been received by our office. The fees in the amount of \$400.00 have been received and our receipt #95443 is enclosed. Your registration statement has been numbered SWR-218.

The map you submitted with your claim is not acceptable. ORS 539.240 (2) (d) requires the map be prepared by a Certified Water Right Examiner (CWRE). Within 60 days of this letter you must send a letter to this address indicating you have contracted with a CWRE to prepare your map. You should send your letter to my attention. In your letter you must identify the name of the CWRE who will prepare your registration statement map. We will contact the CWRE to arrange a map submittal deadline.

We will not be able to process your claim until we have received your map. If you have any questions regarding this process, please do not hesitate to give me a call.

Please feel free to contact this office if you have any questions.

Sincerely,

Don Knauer
Adjudication Specialist
