**Application History**

The Department issued Permit G-12615 on July 17, 1996. The permit called for completion of construction by October 1, 1998 and complete application of water to beneficial use by October 1, 1999. On September 25, 2002, Warner & Mary Kay Maag submitted to the Department an Application for Extension of Time for Permit G-12615. In accordance with OAR 690-315-0050(2), on May 29, 2007, the Department issued a Proposed Final Order proposing to deny the extension of time to complete construction to October 1, 2008 and the time to fully apply water to beneficial use to October 1, 2008. The protest period closed July 13, 2007, in accordance with OAR 690-315-0060(1). The applicant submitted a protest, along with additional information to supplement the Application for Extension of Time for Permit G-12615.

At time of issuance of this Final Order the Department concluded that, based on the factors demonstrated by the applicant, the permit may be extended subject to the following conditions:

**CONDITIONS**

**1. Checkpoint Condition**

The permit holder must submit a completed Diligence Progress Report to the Department by **October 1, 2007. A form is enclosed for your use.**

- (a) At each checkpoint, the permit holder shall submit and the Department shall review evidence of the permit holder's diligence towards completion of the project and compliance with terms and conditions of the permit and extension. If, after this

review, the Department determines the permit holder has not been diligent in developing and perfecting the water use permit, or complied with all terms and conditions, the Department shall modify or further condition the permit or extension to ensure future compliance, or begin cancellation proceedings on the undeveloped portion of the permit pursuant to ORS 537.260 or 537.410, or require submission of a final proof survey pursuant to ORS 537.250;

- (b) The Department shall provide notice of receipt of progress reports in its weekly notice and shall allow a 30 day comment period for each report. The Department shall provide notice of its determination to anyone who submitted comments.

The applicant has demonstrated good cause for the permit extension pursuant to ORS 537.630, 539.010(5) and OAR 690-315-0040(2).

The extension of time for Application G-12482, Permit G-12615, therefore, is approved subject to conditions contained herein. The deadline for completing construction is extended to October 1, 2008. The deadline for applying water to full beneficial use is extended to October 1, 2008.
