Dear Teri,

We purchased the property located at 10437 Little River Road, Glide, from Jim and Sally Torson on May 22, 2003. To update the official records, I desire to have the Surface Water Registration Statement number SWR-224 changed to our name, Christopher and Sally Honse.

I certify that we are continuing to use the water rights under SWR-224 for both our domestic potable water supply and irrigation throughout the entire year as required since this is our only source of water. The property is our primary residence and we have livestock on the property requiring the use of the water supply.

Attached is a copy of the Memorandum of Contract showing proof of the sale recorded in Douglas County on May 22, 2003.

Homestead Entry Application by John W. Greenman dated 6/30/1908

Homestead Proof Testimony of Claimant

Greenman indicates that he started and completed his house in 6/13/1898 and resided on the land from that point on. He further indicates that he had outbuildings. He started with a 1/4 acre garden and increased each year till he had 10 acres in garden, orchard and hay.

Homestead Proof Testimony of Witness dated 1/25/1909

The witness was H.L. Engels. He indicates that Greenman settled his homestead in June, 1898 and had helped Greenman move. Engels indicates that Greenman began with a 1/2 acre garden and increased to 7 acres.

Final Affidavit Required of Homestead Claimants dated 1/25/1908

John W. Greenman again claims that he has cultivated and resided on the land since 6/13/1898. The date on this document perhaps should have been 1/25/1909, the same as the Testimony from Witness. The date of the Homestead Entry Application was 6/30/1908.

Letter dated 7/22/1909 from John W. Greenman to the Secretary of the Interior

This letter complains about the 11 year delay in issuing his patent. Mr. Greenman lays blame for this delay on a "little runt" of a Forest Supervisor'.

Patent Number 132321:

This document deeds SW 1/4 Section 8 T27S R2W W.M. to John W. Greenman and is dated 5/26/1910.

Photographs dated 7/63

These photographs show old structures on the land in 1963.

Photographs dated 11/92

These photographs show detail for the log structure identified in the 7/63 photograph. This structure has hand hews shakes and boards. The shakes are 36" long. The rafter configuration is primitive similar to other turn of the century construction.

I believe that John W. Greenman settled the land that I reside on and that he and successive owners used the same water source that I am currently using for my domestic supply and irrigation.

I may send further evidence supporting this claim at a later date.

Sincerely,

James D. Torson

I started my house on this land June 13, 1898, and completed said house for occupancy the next day, and lived therein until the latter part of October, 1898. I have never been absent more than four days since then to work out at neighbors, during any one season. Some of my family have been there during my absence.**

Ques. 7.—How much of the land have you cultivated each season, and for how many seasons have you raised crops thereon? If used for grazing only, describe fencing, state number and kind of stock grazed, and by whom owned.

Ans. **I had about 10 A. in garden, orchard and hay. Raised crops for the past 10 seasons. 20 A. fenced with rails, and I own and graze 1 steer on said land.**

Ques. 8.—Is your present claim within the limits of an incorporated town or selected site of a city or town, or used in any way for trade and business?

Ans. **No.**

Ques. 9.—What is the character of the land? Is it timber, mountainous, prairie, grazing, or ordinary agricultural land? State its kind and quality, and for what purpose it is most valuable.

Ans. **It is mountain timbered land, chiefly valuable for farming and grazing when cleared.**

Ques. 10.—Are there any indications of coal, salines, or minerals of any kind on the land? (If so, describe what they are, and state whether the land is more valuable for agricultural than for mineral purposes.)

Ans. **Some trace of iron, but not in paying quantities.**

Ques. 11.—Have you ever made any other homestead entry? (If so, describe the same.)

I am getting old and wish to get title to my land so that I can make disposition of it. Eleven years is a long time to wait.

Believing that you can, and will apply a remedy, is the reason for this letter.

It seems to me that the Local Land Officers should carry out the text and meaning of the law, under the direction and instructions of the Department of the Interior, instead of disregarding the law, to carry out the orders of a "little Runt" of a Forest Supervisor.
