Dear Sirs:

Enclosed is an application for a vested water right, plus an affidavit from a neighbor, age 92, who saw this place in 1910. plus a picture of the house she saw.

The house was still standing when we bought the property in 1950. We lived in the house for 15 years. It was razed after a new house was built.

The spring in question was used at the house sight since the house was first built and is still in use.

We have a 500 gal. storage tank but never shut off the overflow, which runs down a gully and ends in Little Rock Creek, $\frac{1}{4}$ mile above the site of the old Siletz River Fishery station. Little Rock Creek and Rock Creek drain into the Siletz River.

Enclosed is a check for \$200.00.

Yours truly,

Samuel L Brantner

To whom it may concern----

I. Harriet Bowman, born 11/28/1900, was ten years old when my family moved to the area near Logsdan, in 1910. I still live on this same property.

The Frank Wright home was well established and had been there for some time. (T 10 S-R 8 W-Sec 7).

The spring in question would have been the only year round source of water near for domestic use.

I used to come visit and play with Wright children so this was not just a passing observation.

RE: SWR-234

Dear Mr Denison,

This will acknowledge the receipt of map to support the pre-1909 vested water right claim in the name of SAMUEL L & ALMINA E BRANTNER you returned with corrections and completions. I have added the map to the file. Thank you for your attention to this matter. If you have any questions, please give me a call.

Sincerely,

RE: File# SWR-234

DEAR JAMES M. DENISON,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Samuel L. Bratner & Almina E. Brantner. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

place of use (¼ ¼)

ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You must show the section in which the place of use occurs and the ¼ ¼'s.

diversion point size

OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems." You must provide the information about the diversion point, pipe size, head, etc.

beneficial use title

You should title the map and put the claimants name on it.

$\frac{1}{10}$ acre

OAR 690-28-025-(4)-(d) "The number of acres irrigated in each quarter quarter shall be shown to the nearest tenth of an acre." Since the claim includes "irrigation of lawn and garden" you must show the boundaries and acreage amounts per $\frac{1}{4}$ $\frac{1}{4}$ section.

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer

Dear MR & MRS BRANTNER,

This will acknowledge that your Surface Water Registration Statement in the name of SAMUEL L & ALMINA E BRANTNER has been received by our office. The fees in the amount of \$200.00 have been received and our receipt #95479 is enclosed. Your registration statement has been numbered SWR-234.

Our office will review your form and map in the near future. If necessary we will schedule a meeting with you that will include a site inspection. If there are problems with your form we are usually able to take care of them during our visit. We will be able to answer any questions you might have about the adjudication process at that time.

Please feel free to contact this office if you have any questions.

Sincerely,

Don Knauer
