re: SWR-273

Dear Mr. Tarpley,

This will acknowledge the receipt of your unsigned letter of November 22, 1994. I have added the letter to your file. There are no plans at this time to adjudicate the water rights in your area. When it is decided to do so, your file will be reviewed and a recommendation will be made to the Court.

Since you paid no fees to file the Surface Water Registration Statement (SWR), there are no funds to remit. The fees you paid for water right applications, by statute, were allowed as a credit for filing the SWR.

If you have any questions please give me a call.

Sincerely,

Don Knauer

RE: File# SWR-273

DEAR LARRY W. JEBOUSEK,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Timothy A. and Kathee M. Tarpley. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

diversion point size

OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems."

paper

OAR 690-14-170-1 "...in ink on permanent-quality linen or 0.003-inch mylar..."

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer

RE: SWR-273

Dear Larry,

I started review of the TARPLEY file and I find a note I wrote following a telephone conversation with Clayton Garner. He thought you would have the map to me sometime in July, 1993. We may have talked about this file recently and I just don't remember. Can you give me an idea of when I might expect the map? If you have any questions, please give me a call.

Sincerely,
