Dear Sir and Madam:

According to the terms of your Application No. 13128 ,
Permit No. 13776 , which is for the appropriation of 3.0 second-
feet of water from Yamhill River for irrigation,
complete application of water was to have been made on or before
October 1, 1947. It appears from our records that you have failed
to submit the notice of complete application, although a post-
card, calling this matter to your attention, was mailed to you on
October 1, 1947.

Section 116-435, O. C. L. A., provides: "whenever the
time within which any appropriation under a permit should have been
perfected shall have expired and the owner of such permit shall fail
or refuse within the period of three months thereafter to submit to
the State Engineer proof of the completion of such appropriation as
required by Section 116-426, O. C. L. A., the State Engineer may,
after 60 days' notice by registered mail, order the cancellation of
such permit, ***."

If you have complied with the terms of this permit, you
should promptly submit the notice of complete application of water,
after which we will take up with you the matter of final proof.
If, however, you have abandoned your plan of development, we would
appreciate your authority to cancel the permit, so that the permit
may be cancelled without the necessity for following the legal
procedure. In case you have not completed your appropriation,
although you still wish to do so, you may submit an application for
an extension of time. Such an extension may be granted if it appears
that proper diligence has been shown.

Our files do not carry the mailing addresses of these operators, and we have no information concerning them except a verbal report by our field engineer to the effect that operators on certain places have not been the same from year to year.

If you so desire, we can prepare copies of the permits involved, together with blue prints from the accompanying tracings at the statutory fees of \$15.50 for the copies and \$3.10 for the blue prints, but these would, of course, be of no assistance to you in determining the names and mailing addresses of your operators.

It is my recollection that representatives of your Department who have called at this office have had in their possession quite complete records of your various projects, including your permits

October 29, 1942

and the names and addresses of your operators, and it is possible that a further search of your files will discover these records.

With reference to your suggestion that we write direct to your operators, we can do this, as provided by law, if you wish to assign the permits to the operators, but I would hesitate to advise such assignments except in the cases where the operator is the legal record owner of the property in question.

Dear Sir:

This acknowledges receipt of your requests for extensions of time under Permits Nos. 11463, 13290, 13309, 13311, 13359, 13404, 13405, 13389, 13399, 13400, 13436, 13437, 13443, 13444, 13445, 13455, 13466, 13470, 13776, 13777, 13778, 13780, 13808, 13891, 13893, 13894, 13896, and 13897. Receipt is also acknowledged of forms 2, being notices of completion of construction under Permits Nos. 13314, 13380, and 13892.

Permit No. 13892 is now in good standing until October 1, 1942, when under its terms complete application of water should be reported or an application made for an extension of time.

Under the terms of Permits Nos. 13314 and 13380, complete application of water should also have been accomplished on October 1st of this year, and for your convenience in submitting applications for extensions of time under these permits and the other permits listed above, I am sending you under separate cover blanks which should be executed before a notary public and mailed to this office.

As soon as the formal applications are received, the matter of extending the time limits will be given further consideration, and you will be advised of our action.

Very truly yours,
