I came here in 1937 to cook
for Roy + his father. I later
married Roy in Apr 23, 1948

Roy + his father Lloyd lived
alone on the ranch at that time
and some short time before I
came here they had got electricity.

Roy was born here on the
ranch, also his brother Elton.
Roy has told me many times how
long they carried water from the
spring, which was all the time
they were growing up, until
they finished hi school.

They all went to Grammar school
at the Forks of the N. Fork river,
which they all walked to.

About that time his sister
Winnie + her family came. Don
was born here. He now resides in
Medford, 232 Kensington Square.
They continued to use water from
the spring. A few yrs later the
family returned, but the spring
continued to be used

I lived + grew up 6 or 7 miles south of town + went to grade school on Catching Creek. When I was 10 or 11 yrs old I had a teacher Turinda Dean who was a close neighbor of the Spires. Their place joined the Spires place.

She used to tell me stories of their home life on the ranch.

They grew up together.

Roy + his father lived here + carried water from the spring all his life until they got electricity, except 3 yrs when Roy was

I married Roy in 1948 and

have lived here on the ranch, using the spring water from that time to the present time

Dec. 3rd, 1992.

To whom it may concern:

I lived on a small farm on the East edge of Echo Valley, on the North Fork of the Coquille River for 45 years, moving there in August, 1941. Later, we discovered that my husband's parents, John + Mary Epperson, had lived on this same property in 1896, when my husband was 2 years of age + his younger brother, Hayne, was born there in 1896.

The neighbors were always friendly and worked together. Lloyd Spires and his family operated their farm at the North end of the Valley, less than a mile distant. Mr. John Lewellen and his family's farm adjoined

our farm. In fact, they worked together so well that they, Mr. Spires, Mr. Lewellen, John Epperson, and Milton Lee, (who lived across the river,) purchased together a horse-drawn & powered grain harvester, to use on their farms. This machine was stored on the Epperson place, when not in use. There were 3 farms in Echo Valley besides our place on the edge of it.

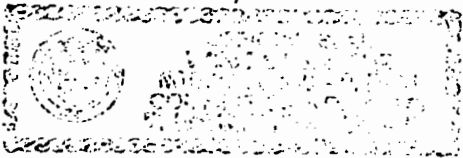

In the early 20s when I was attending high school, Mr. and Mrs. Spires lived across the street from the school, and their daughter & her husband were operating the farm in Echo Valley.

When we purchased our property in 1941, Roy Spires, son of Lloyd Spires, had purchased his father's farm, and was operating

it as a dairy. My older son, Dean Epperson, tended Roy's cows while Roy + his wife went on a vacation during the winter. In more recent years, Roy raised sheep. He died in 1985, at past 90 years of age, on the same farm where he was born.

Roy's daughter, Kathy, + her husband, Gary Larsen, took over the farm when Roy retired, and have operated it as a sheep and cattle ranch since then.

Through all these years, the springs and ^{the} small creek, known as Lewellen Creek, have surfaced on the Spires farm, or near it, and have been used to water ^{their} cattle, sheep, and human beings.

To whom it may concern -

Sometime in the early 1880's my grandfather Hloyd Spines, his wife Emma and son Oliver moved from California to Oregon. Their household goods were shipped from San Francisco to Coos Bay by steamer. They were loaded on sleds for the trek over the hills to Isthmus Slough and then reloaded on barges for the trip up the Coquille River.

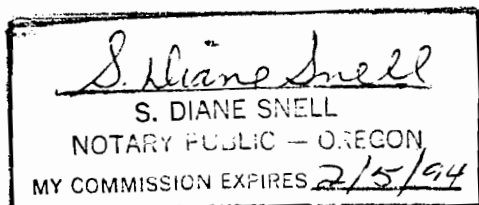

My grandfather had homesteaded the S.W. quarter of Section 34, Township 28, Range 12. He later purchased the S.E. quarter from a man named Shure (sp.)

They built a home on a bench on the northern side of Hewellen Creek about a quarter mile from the westerly line. In this home four more children were born including my mother Minnie Spines Wilson. They later built another home on the southern side of Hewellen

creek in which my brother and I were both born after my father and mother had taken over the ranch to develop as a dairy farm sometime shortly after World War I. We got our water from a spring about 200 yds. N.E. of the house. This water had to be carried to the house as there was no electricity during the time my family occupied the ranch.

Around 1926 Lloyd and his son Roy took over the ranch and continued it as a dairy and sheep ranch.

WATER RESOURCES DEPT.
SALEM, OREGON

Coos-Curry Electric Cooperative, Inc.
Coquille, Oregon

October 1, 1952

Dear Member:

Once again you are requested to attend your annual meeting to be held at the Old Coquille High School on Saturday, October 25, 1952, beginning at 10:00 a. m.

The voting action to be taken at this meeting consists of the election of nine directors to serve until the next annual meeting as listed on the attached ballot, an amendment to remove the restriction against persons serving as Director more than two consecutive terms, and an amendment permitting the annual meeting to be held at any place within Coos or Curry Counties, rather than solely at Coquille.

If you are unable to attend this meeting you may vote by mail in the following manner:

1. Mark your selection in the boxes before the name of the member you are voting for. Vote for one member from each zone. On the other ballots, mark your "X" for or against the proposal.

2. Fold your ballots and place them in an envelope marked Ballots.

3. Place this envelope in another envelope addressed to:

Coos-Curry Electric Cooperative, Inc.
Secretary-Treasurer
Coquille, Oregon

Be sure this outside envelope has your name plainly written on the return address corner of the envelope.

These steps are very important to insure a secret ballot.

An outstanding program and excellent door prizes at the meeting will make it well worth your while to be present. You are respectfully urged to attend the Cooperative's business which is your business.

Sincerely,

/s/ David Philpott
Secretary-Treasurer

P. S. Sometimes there has been confusion concerning issuing of tickets for door prizes. These tickets will be given to **members only**, and only **one ticket** to a membership. A wife will not be given a ticket if the membership is in the name of her husband. A joint membership will receive only **one ticket**.

7 County Assessor Concerning)
8 Certain Real Property Assess-)
9 ments for the 1968-69 Tax Year.)

OPINION AND ORDER

NO. VL 69-30

8 Roy L. and Kathleen M. Spires, hereinafter referred to
9 as "Petitioners", have appealed to the State Tax Commission pur-
10 suant to the provisions of ORS 306.520 from the action of the
11 Coos County Assessor in denying a special assessment on unzoned
12 farm land for certain real property described as Account Number
13 8752 and 8753, Tax Lots 4 and 5, SE $\frac{1}{4}$ and SW $\frac{1}{4}$, Sec. 34, Twp. 28S,
14 R. 12, west of the Willamette Meridian, Coos County, Oregon.

15 A hearing was held before Mr. Jack M. Burke, Hearing
16 Officer of the State Tax Commission, on July 17, 1968, in the
17 Coos County Courthouse in Coquille. Present at the hearing were
18 Roy L. and Kathleen M. Spires, Petitioners herein; Francis R.
19 Flanagan, Coos County Assessor; and the aforementioned hearing
20 officer.

21 A Summary of Evidence, Findings of Fact and Conclusions
22 of Law, together with a Recommendation, were prepared by the
23 hearing officer and reviewed by the entire Commission.

24 The property involved in this appeal consists of 30.5
25 acres of land constituting only a portion of a larger tract of
26 land with a total overall size of 320 acres. The property is
27 located about 1 $\frac{1}{2}$ miles north of Myrtle Point in Coos County. For
28 the 1968-69 tax year, the Assessor classified and valued 289.5
29 acres of Petitioners' property as forest land and Petitioners
30 have raised no objection to the assessment of that portion of the
31 property. With respect to the 30.5 acres, Petitioners contend
32 that the Assessor erred in denying Petitioners' claim to have that
33 property assessed as unzoned farm land. Petitioners request the

1 Commission to grant the special assessment for the 1968-69 tax
2 year.

3 The primary qualification for special assessment is
4 that the land be devoted to farm use. Richard E. Foy and Pegg
5 A. Foy v. State Tax Commission. OTC No. 370. The evidence in
6 this case shows that Petitioner is using the subject land for the
7 purpose of breeding, feeding and selling livestock, including both
8 beef cattle and sheep. A small field is devoted to the cultiva-
9 tion of hay. Mr. Spires testified that he realizes nearly \$500 a
10 year from the sale of wool and lambs alone. In addition, Mr.
11 Spires also sells about four tons of hay a year, as well as beef
12 cattle. The evidence establishes that the gross income derived
13 from the land through the sale of farm products has exceeded \$500
14 for the past five years.

15 In the Commission's opinion, the evidence and testimony
16 in the record is sufficient to establish that the land in question
17 is devoted to farm use and is entitled to special assessment.
18 Although the Assessor testified that the market value for farm use
19 would be in the area of \$6,250, he further testified he had made
20 no appraisal for the purpose of finding a specific farm use value
21 for the property. This is the only evidence in the record as to
22 farm use value and in the Commission's opinion, it is not sufficient
23 to allow the Commission to make a determination in that regard.
24 It is therefore the Commission's opinion that the Assessor should
25 appraise the property for the purpose of estimating the true cash
26

1 value for farm use, which value should be transmitted to the tax
2 collector for the purpose of entering it on the 1968-69 tax roll.

3 NOW, THEREFORE, IT IS HEREBY ORDERED that the Assessor
4 of Coos County grant the special assessment application of Roy L.
5 and Kathleen M. Spires as to that portion (30.5 acres) of Account
6 Numbers 8752 and 8753 devoted to farm use in accordance with the
7 above opinion, and that the Assessor of Coos County inform the
8 Tax Collector of Coos County as to the farm use value of such prop-
9 erty, and that the Tax Collector of Coos County correct the tax
10 roll to place such farm use value on the 1968-69 tax roll, and
11 that the Coos County Assessor concur therein.

WATER RESOURCES DEPT.
SALEM, OREGON

Dear Taxpayer:

In compliance with the provisions of ORS 308.280, you are hereby notified that the assessed value of the above described real property, assessed as of January 1, 1970, for the tax year 1970-1971, has been increased from a preceding value of \$ 21,460 to a current value of \$ 32,220.

It is the assessor's duty to assess property at its current market (true cash) value. The increase in cost of construction and inflation have been forcing property values higher.

Should you feel that this value is excessive or unfair and does not, in your own opinion, indicate the approximate market value of the property, we suggest that you consult this office as soon as possible but not later than April 27, 1970 at which time we will be happy to discuss the valuation with you. After May 1, 1970 you have the privilege of petitioning the Coos County Board of Equalization under the provisions of ORS 309.100.

Petition forms are available at the office of the County Assessor or the County Clerk should you feel it necessary to file.

Very truly yours,

FRANCIS R. FLANAGAN, CAE
Coos County Assessor

FOR THE RIGHT TO MAKE

The Damon Chemical Works Diamond Labor Saving

\$1. LAUNDRY SOAP.

NOT TRANSFERABLE.

FAMILY RIGHT.

NOT TRANSFERABLE.

This is to certify that this accords the full right to Mr. or Mrs. *Lloyd Spicer* to manufacture in his or her own family only, the Diamond Labor Saving Laundry Soap, and the said *Lloyd Spicer* agrees not to make known the process of manufacture under penalty of one hundred dollars.

RECEIPT.—Take 7½ lbs. Sal Soda, 1½ oz. Borax, ½ oz. Sulphate of Soda, and 8½ lbs. good yellow bar Soap. Dissolve the Sal Soda, Borax and Sulphate of Soda in 4½ gallons soft water, till not a lump remains. Melt in the above solution the bar soap, cut the soap in very thin slices that it may dissolve quicker. While dissolving keep stirring so as to mix them well. When the soap is melted it is then done. Remove from the fire and let stand an hour, then pour into pails or lard firkins. A common tin vessel will do to make the soap in. If it is inclined to boil over a little cold water thrown in will settle it. For perfumes, if desired, add 1 oz. oil of sassafras, just before it is cool.

SUPPLEMENTAL AGREEMENT TO ELIMINATE CATTLE REACTING TO THE AGGLUTINATION BLOOD TEST FOR BANG'S DISEASE

This agreement made this 6 day of July 1937, between

R.L. Spires, herein referred to as the owner Myrtle Point
(P.O. address)

who represents that he is operating the farm known as Spires Ranch

farm situated 3 m. via Myrtle Point
(miles and direction)

on Jewellen Creek Road in Cov. County, State of

Oregon, and the Secretary of agriculture for and in behalf of the United States.

Witnesseth:

WHEREAS, it is desired to eliminate cattle reacting to the agglutination blood test for Bang's disease.

NOW, THEREFORE, in consideration of the premises and the mutual covenants of the parties herein contained and the Secretary's initial blood test for Bang's disease, it is hereby mutually agreed as follows:

I--Definitions

1. The term "Secretary" when used in this agreement shall mean the Secretary of Agriculture.

2. The term "Bureau" when used in this agreement shall mean the Bureau of Animal Industry of the United States Department of Agriculture.

3. The term "Test" when used in this agreement shall mean the agglutination blood test for Bang's disease.

Covenant of the Owner

The owner agrees:

4. To permit the application to each animal of his herd of such number of separate tests, not more than four, as the Secretary or his authorized agent shall determine to be necessary.

5. That, upon each and every test made hereunder, he will market or cause to be marketed for slaughter, under state or federal supervision, within a reasonable time, all heifers (over six months of age), cows and bulls in his herd which, after each test, are designated by the Secretary, or his authorized agent, as reacting to the test; and all such animals to be marketed hereunder shall, until marketed and removed, be kept in quarantine at a substantial distance from non-reactors which are to remain on the premises.

6. To confine additions to his herd:

(a) To animals from herds known to be definitely free from Bang's disease.

(b) To non-pregnant animals from other than Bang's-disease-free herds, which must pass the test and then be placed in quarantine for at least sixty days, at which time such animals must pass a second test before being added to the herd.

(c) Pregnant animals which after passing the test must be kept in quarantine after calving for at least sixty days without being rebred at which time they must pass a second test before being added to the herd.

7. That after his herd has been tested and the reactors thereto marketed for slaughter, he will continue testing the animals in his herd in accordance with the accredited Bang's disease herd plan of his state, if and when his state adopts such a plan, and that his efforts in this direction will be continued until his herd is eligible for accreditation.

8. That he will at his own expense, after each test and the removal of the reactors, clean and disinfect his premises under the supervision and direction of the Chief of the Bureau, or his authorized representative.

9. To see that all trucks, cars or other conveyances delivering animals to be added to his herd are thoroughly cleaned and disinfected before the animals are loaded and, if such animals are unloaded in transit, to see that they are unloaded only into pens which have been cleaned and disinfected.

10. To see that bedding and manure are removed as often as practicable from those places where reactors to the test have been lodged within the six months preceding such reaction; and to dispose of said material in such manner as to guard against exposure.

11. To abide by and conform to all regulations, administrative rulings, and orders of the Bureau heretofore and hereafter issued by the Secretary relating to this contract, which regulations, administrative rulings and orders are and shall be a part of this contract.

12. Not to sell or assign in whole or in part this agreement, or his right to or claim for payment under this agreement, and will not execute any power of attorney to collect said payment or to order that any such payment be made. Any such sale, assignment, order or power of attorney shall be null and void.

13. To accept an appraisal of reactors made in accordance with Order No. 347 of the Bureau.

The owner represents*

14. That no abortion vaccine, abortion bacterin, nor preparation made from or through the agency of Brucella micro-organisms has been used in any of the animals to be tested hereunder within six months prior to the date hereof.

15. That he has not acquired cattle for the purpose of entering into this agreement knowing that such cattle would react to the test.

16. That the herd of said farm consists of--

III--Covenants of the Secretary.

The Secretary agrees:

17. That the owner's herd shall be tested for Bang's disease under the direction of the Bureau without expense to the owner except for necessary handling of the animals incident to collecting blood samples.

18. To pay to the owner, upon such proof of compliance with the terms hereof as the Chief of the Bureau may require, an amount for each animal, except unregistered bulls marketed in accordance with this agreement, equal to the appraisal less the net proceeds of marketing the animal and less any other moneys received because of the elimination of the animal but in no event to exceed \$25 for a grade and \$50 for a registered purebred animal. (Registration certificates covering cattle over 3 years old shall be presented at time of appraisal)

19. It is mutually understood and agreed that the Secretary may, in his discretion, determine that a second, a third and/or a fourth test shall be made of the owner's herd hereunder, and that in the event of such second, third and/or fourth test, reactors to each such test shall be eliminated and payment made therefor in the same manner as for reactors to the first test.

INTRODUCTION

Five years of your life, in written form, will be your reward for keeping this book faithfully and accurately. You will record your daily habits, your thoughts, and events of importance. As you round out this chronicle of your doings, you will be able to check back a year from the time you are writing, and see at a glance your activities of a year ago. As you go along, you will be able to turn aside the veil of forgetfulness, and see the events of two, three and even four years ago.

You will find amusing recollections that will bring chuckles - possibly business affairs whose record will prove valuable, and certainly little precious memories that you will want to keep in the permanent form which this book provides.

RE: File# SWR-193

DEAR FORREST J. HALES,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Gary L & Kathleen L Larsen. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

diversion point size

OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems."

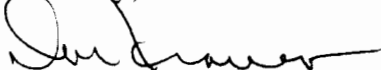

$\frac{1}{10}$ acre

OAR 690-28-025-(4)-(d) "The number of acres irrigated in each quarter quarter shall be shown to the nearest tenth of an acre."

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.
