BEFORE THE WATER RESOURCES DEPARTMENT
OF THE
STATE OF OREGON

In the Matter of Ground Water	)	FINAL ORDER APPROVING THE
Registration Modification Application	)	RECOGNITION OF MODIFICATIONS
T-12344, Clackamas County	)	IN POINT OF APPROPRIATION AND
	)	PLACE OF USE

Authority

Oregon Revised Statutes (ORS) 537.610, 537.705 and 540.505 to 540.580 establish the process in which the holder of a certificate of registration may submit a request for recognition of modifications to the place of use, character of use or point of appropriation under a ground water certificate of registration.

Oregon Administrative Rules (OAR) Chapter 690, Divisions 382 and 380 implement the statutes and provide the Department's procedures and criteria for evaluating ground water registration modification applications.

Applicant

WENDY YU ZHEN
12226 SE VERLIE ST
HAPPY VALLEY, OR 97086

Findings of Fact

1. On April 18, 2016, WENDY YU ZHEN filed a ground water registration modification application to modify the point of appropriation and place of use change under Registration Application GR-1401 (Certificate of Registration GR-1439). The Department assigned the application number T-12344.
2. Notice of the application for ground water registration modification was published on April 19, 2016, and October 18, 2016, pursuant to OAR 690-382-0600. No comments were filed in response to the notice.
3. On April 19, 2016, GR-1401(Certificate of Registration GR-1439) was assigned to Wendy Yu Zhen.
4. On February 14, 2017, the Department requested that new application pages and a new map be submitted to describe more accurately the requested changes.
5. On February 20, 2017, the applicants' agent submitted a corrected map and application pages.
6. On April 14, 2017, the applicant's agent submitted an amended application and map removing all the acres in tax lot 1400 from the application.

This final order is subject to judicial review by the Court of Appeals under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482(1). Pursuant to ORS 536.075 and OAR 137-003-0675, you may petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

7. On March 15, 2017, the Department sent a copy of the draft Preliminary Determination proposing to approve Groundwater Registration Modification Application T-12344 to the applicant. The draft Preliminary Determination cover letter set forth a deadline of April 15, 2017, for the applicant to respond. The applicant amended the application, requested that the Department proceed with issuance of a Preliminary Determination, and provided the necessary information to demonstrate that the applicant is authorized to pursue the Groundwater Registration Modification.
8. On July 14, 2017, the Department issued a Preliminary Determination proposing to approve Groundwater Registration Modification Application T-12344 and sent a copy to the applicant. Additionally, notice of the Preliminary Determination for the Groundwater Registration Modification application was published on the Department's weekly notice on July 18, 2017, pursuant to ORS 540.520 and OAR 690-380-4020. No protests were filed in response to the notice.
9. The portion of the ground water registration to be modified is as follows:

Registration: GR-1401 (Certificate of Registration GR-1439), in the name of ERNEST BLASER (assigned to Wendy Yu Zhen)
Use: IRRIGATION of 6.35 ACRES
Tentative
Priority Date: MARCH 31, 1952
Quantity: 26.93 GALLONS PER MINUTE (0.06 Cubic Foot per Second (CFS))
Source: A WELL within the UNNAMED STREAM BASIN

Original Point of Appropriation:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
1 S	4 E	WM	29	SE SW	1060 FEET NORTH AND 1040 FEET WEST FROM THE S1/4 CORNER OF SECTION 29

Original Place of Use:

Twp	Rng	Mer	Sec	Q-Q	Acres
1 S	4 E	WM	29	SE SW	6.35

10. Ground Water Registration Modification Application T-12344 proposes to modify the location of the original point of appropriation approximately 700 feet from the original well to:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
1 S	4 E	WM	29	SE SW	1210 FEET NORTH AND 220 FEET WEST FROM THE S 1/4 CORNER OF SECTION 29

11. Ground Water Registration Modification Application T-12344 proposes to modify the place of use under the ground water registration to:

Twp	Rng	Mer	Sec	Q-Q	Tax lot	Acres
1 S	4 E	WM	29	SE SW	1300	6.35

Review Criteria for Ground Water Registration Modification Applications [OAR 690-382-0700(2)]

12. The proposed modifications would not result in enlargement of the ground water registration.
13. The proposed modifications would not result in a state Scenic Waterway not receiving previously available water during periods in which streamflows are less than the quantities determined by the Department to be necessary to meet the requirements of ORS 390.835.
14. The proposed modifications would not result in injury to other water rights.

Determination and Proposed Action

The modification in point of appropriation and modification in place of use proposed in Ground Water Registration Modification T-12344 is consistent with the requirements of ORS 537.610, 537.705, 540.505 to 540.580 and OAR 690-382-1000.

Now, therefore, it is ORDERED:

1. The modifications to Registration Application GR-1401(Certificate of Registration GR-1439) proposed in Ground Water Registration Modification Application T-12344 are recognized. Recognition of the modifications shall not be construed as a final determination of the right to appropriate ground water under the certificate of registration or modification. Such a determination will occur in an adjudication proceeding under ORS 537.670 to 537.695.
2. The use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Registration Application GR-1401 (Certificate of Registration GR-1439) and any related decree.
3. Water shall be acquired from the same aquifer (water source) as the original point of appropriation.
4. Water shall no longer be appropriated from the original point of appropriation as part of this ground water certificate of registration.
5. Water use measurement conditions:
 - a. **Before water use may begin** under this order, the water user shall install a totalizing flow meter, or, with prior approval of the Director, another suitable measuring device, at each point of appropriation (new and existing).
 - b. The water user shall maintain the meter or measuring device in good working order.
 - c. The water user shall allow the Watermaster access to the meter or measuring device; provided however, where the meter or measuring device is located within a private structure, the Watermaster shall request access upon reasonable notice.
6. The quantity of water diverted at the new point of appropriation, shall not exceed the quantity of water lawfully available at the original point of appropriation.

7. The former place of use of the modified ground water registration shall no longer receive water as part of the ground water certificate of registration.

Dear Mr. Blaser:

Upon examination of your registration statement we have noted that additional information is required under 2 and plat map of the last page.

The well location under item #2 should be described by reference to a section corner, or quarter section corner of a U. S. Government Survey, or to a Donation Land Claim corner, or corner of other legal subdivision. This location may be given by stating the distance north or south, and east or west from such corner to the well. If preferred, the distance and bearing from one of the above mentioned corners may be given.

The information given under item 2 and 14 should be indicated on the plat map of the last page. This map should show the wells location and area being irrigated within each quarter-quarter section.

I have penciled in a tracing from our Metzger map showing the approximate position of the area described in your registration statement. Would you please locate the wells position on this map and I will be able to scale the distance from the well to the nearest section corner and then will enter this under item 2.

Upon receipt of the map and completed statement we will issue you a certificate of registration.
