Gentlemen:

Enclosed is the final proof in connection with the incomplete water right represented by your permit No. R-838, 16911, and 17418,

The data contained in the proof, which is based on an inspection and survey of your project made by a representative of this department, defines the extent to which your water right has been completed within the terms of your permit. The proof should be dated and signed by you and returned to this office.

Upon receipt of the proof, properly executed and accompanied by the statutory recording fee of \$1, a certificate of water right will be issued confirming the right thereunder and, after being recorded in the county records, will be forwarded to you.

Very truly yours,

Attention Mr. William D. Cramer

Gentlemen:

We only operate our photostat machine on a month to six week intervals. Therefore, it was necessary to send the permits of Gill Cattle Company out to obtain these copies which caused a delay in answering your letter of February 2.

The copies of permits numbered R-766, 15008, R-796, 15832, R-838, 16911, 17419, and 17420, together with blueprints of the maps, are being mailed under separate cover. I am enclosing our bill in the amount of \$32.35. The photostat fee is ninety-five cents per sheet and blueprinting fee is \$1.

I am also enclosing the simple assignment form we use. However, I would suggest rewriting the assignment so as to include all the permits in the name of Gill Cattle Company in one assignment, and permits numbered R-766 and 15008 in the name of Eastern Oregon Livestock Company in another assignment. In cases where it is impossible to contact the record holder of the permit so as to obtain the assignment, we have been accepting copies of the deeds showing ownership of the property. Although as you know, this procedure is not specifically mentioned in our water laws.

Very truly yours,

Dear Mr. Paulin:

I have checked the list of properties which you furnished with our records. Most of the rights appurtenant to these lands have been completed by issuance of the final certificate and three permits have already been assigned to Allied Properties. There remains four permits still in the name of Hill Cattle Company and two permits still in the name of Eastern Livestock Company and two in the name of Fred Hill and Sons. A brief description of these rights is attached. It would be advisable to obtain assignments of all the permits and submit them to this office so we may change our records accordingly. If it is impossible to obtain the signature of an authorized representative of Eastern Oregon Livestock Co., will you please so advise.

The completion notices on all these permits have been submitted, however, the final proof survey has not yet been made.

Dear Mr. Kriesien:

This will acknowledge receipt of your letter of December 10 relative to Permit No. 15832 in the name of Fred Gill and Sons and Permit No. 16911 in the name of Gill Cattle Co.

If all of the land that it is intended to irrigate under Permit No. 15832 has not been irrigated, an application for an extension of time should be executed before a notary public on the enclosed form and submitted to this office with the statutory \$2.00 filing fee because the time for complete application of water expired October 1, 1947. This permit covers use from Big Skull Creek, Little Skull Creek and Reservoir.

If construction has been completed under Permit No. 16911 covering use from Three Mile Creek and Reservoir, this should be reported by filling out and submitting to this office, the enclosed Form B.

I am also enclosing a Form C for your use in reporting complete application of water, that is the irrigation of all acreage to be irrigated, providing this has occurred in the matter of either of the permits in question.

Dear Mr. Kriesien:

In reply to your letter of November 26, this will advise you relative to permits as follows:

Permit No. 15832, in the name of Fred Gill and Sons, grants a right to the use of 12.53 cubic feet of water per second from Big Skull Creek and Little Skull Creek and a reservoir to be constructed under Permit No. R-796 for irrigation and supplemental irrigation.

Permit No. 16911, in the name of Gill Cattle Company, grants a right to the use of 14.0 cubic feet of water per second for irrigation from Three Mile Creek and a reservoir to be constructed under Permit No. R-838. According to the terms of these permits, construction should have been commenced on or before August 15, 1947, construction should ~~have~~ been completed on or before October 1, 1948 and water should be completely applied to the proposed use on or before October 1, 1949.

Permit No. 17418 in the name of Gill Cattle Company, ~~in the name of Gill Cattle Company~~ grants a right to the use of 25.0 cubic feet of water per second from an unnamed stream for stock use. According to the terms of this permit, construction should be commenced on or before April 15, 1948, construction should be completed on or before October 1, 1949 and water should be completely applied to the proposed use on or before October 1, 1950.

Complete application of water under an irrigation permit means the actual irrigation of all of the land that it is intended to irrigate under the permit at any time.

Dear Mr. Kriesien:

This will acknowledge receipt of an assignment of Permits No. R-838 and No. 16911 by Fred Gill and Sons to Gill Cattle Company, together with the \$1 fee for recording, for which our Receipt No. 2140 is enclosed.

The assignment has been recorded in the Miscellaneous Records of the State Engineer and is enclosed herewith.

Receipt is also acknowledged of report of complete application of water under the permits in question, and a survey will be made at a later date to determine the area that has actually been irrigated. Final proof will be made on the basis of this survey, and any lands described in Permit No. 16911 that have not been irrigated, as determined by the survey, will be automatically eliminated from the water right. Final proof will be made on lands that have actually been irrigated as determined by the survey.

Dear Mr. Kriesien:

This will acknowledge receipt of your letter of September 6 relative to construction and use under Permits No. R-838 and No. 16911.

If all of the land that it is intended to irrigate at any time under Permit No. 16911 has actually been irrigated the enclosed Form C should be filled out and mailed to this office.

For your convenience in having reservoir Permit No. R-838 and its secondary Permit No. 16911 assigned by Fred Gill and Sons to Gill Cattle Company I am enclosing a form herewith which should be filled out and mailed to this office with the \$1.00 statutory fee for recording.

To clear the records, will you please have the enclosed authorization of cancellation of Homer Creek and Dry Creek reservoir Permit No. R-839 and its secondary Permit No. 16912 signed by Fred Gill and Sons and returned to this office, in line with the last paragraph of your letter.

Reservoir Permit No. R-838 and its secondary Permit No. 16911, which are to be assigned, cover water from Three Mile Creek Reservoir.
