PLEASE READ CAREFULLY

NOTE: A completed water availability statement from the local watermaster, Land Use Information Form completed by the local Planning Department, fees and site map meeting the requirements of OAR 690-340-030 must accompany this request. The fee for this request is **\$280** for the first point of diversion plus **\$30** for each additional point of diversion. Please review the Department's fee schedule to view fees required to request a limited license for Aquifer Storage and Recovery testing purposes or for Artificial Groundwater Recharge testing purposes.

Failure to provide any of the required information will result in return of your application. The license, if granted, will not be issued or replaced by a new license for a period of more than five consecutive years. The license, if granted, will be subordinate to all other authorized uses that rely upon the same source, or water affected by the source, and may be revoked at any time it is determined the use causes injury to any other water right or minimum perennial streamflow.

If water source is well, well logs or adequate information for the Department to determine aquifer, well depth, well seal and open interval, etc. are required. The licensee shall indicate the intended aquifer. If for multiple wells, each map location shall be clearly tied to a well log.

If a limited license is approved, the licensee shall give notice to the Department (Watermaster) at least 15 days in advance of using the water under the Limited License and shall maintain a record of use. The record of use shall include, but need not be limited to, an estimate of the amount of water used, the period of use and the categories of beneficial use to which the water is applied. During the period of the Limited License, the record of use shall be available for review by the Department upon request.

Mapping Requirements (OAR 690-340-0030):

- (1) A request for a limited license shall be submitted on a form provided by the Water Resources Department, and shall be accompanied by the following:
 - a. A site map of reproducible quality, drawn to a standard, even scale of not less than 2 inches = 1 mile, showing:
 - i. The locations of all proposed points of diversion referenced by coordinates or by bearing and distance to the nearest established or projected public land survey corner;
 - ii. The general course of the source for the proposed use, if applicable;
 - iii. Other topographical features such as roads, streams, railroads, etc., which may be helpful in locating the diversion points in the field.

5. Description of Proposed Project: Water will be pumped from the South Umpqua River, (POD1 or POD2) and conveyed with 3" mainline to distribution points around property. ODFW approved Fish Screen and Totalizing Flow Meter will be in place before water is pumped. Water will be used for general construction and dust abatement on the entire Fairgrounds Complex property.

NOTE TO APPLICANTS

In order for your application to be processed by the Oregon Water Resources Department (OWRD), this Land Use Information Form must be completed by a local government planning official in the jurisdiction(s) where your water right will be diverted, conveyed, used, and developed. The planning official may choose to complete the form while you wait or return the "Receipt Acknowledging Request for Land Use Information" to you. Applications received by OWRD without the Land Use Information Form, or the signed receipt, will be returned to you. **IMPORTANT:** Please note that while OWRD can accept a signed receipt as part of intake for an application for a new permit to use or store water, a completed Land Use Information Form is required for OWRD's acceptance of all other applications. Please be aware that your application cannot be approved without land use approval.

This form is NOT required if:

- 1) Water is to be diverted, conveyed, and used on federal lands only; **OR**
- 2) The application is for a water right transfer, allocation of conserved water, exchange, permit amendment, or ground water registration modification, and **all** of the following apply:
 - a. The existing and proposed water use is located entirely within lands zoned for exclusive farm-use or within an irrigation district;
 - b. The application involves a change in place of use only;
 - c. The change does not involve the placement or modification of structures, including but not limited to water diversion, impoundment, distribution facilities, water wells and well houses; **and**
 - d. The application involves irrigation water uses only.

NOTE TO LOCAL GOVERNMENTS

The person presenting the attached Land Use Information Form is applying for a new water right or modifying an existing water right. The Oregon Water Resources Department (OWRD) requires applicants to obtain land use information to ensure the water right does not result in land uses that are incompatible with your comprehensive plan. Please complete the form and return it to the applicant for inclusion in their application. **NOTE:** For new water right applications only, if you are unable to complete this form while the applicant waits, you may complete the "Receipt Acknowledging Request for Land Use Information" and return it to the applicant.

You will receive notice via OWRD's weekly Public Notice once the applicant formally submits their request to OWRD. The notice will give more information about OWRD's water right process and provide additional comment opportunities. If you previously only completed the receipt for an application for a new permit to use or store water, you will have 30 days from the Public Notice date to complete the Land Use Information Form and return it to OWRD. Your attention to this request for information is greatly appreciated. If you have questions concerning this form, please contact OWRD's Customer Service Group at 503-986-0900 or WRD_DL_customerservice@water.oregon.gov.

For Local Government Use Only

The following section must be completed by a planning official from each county and city listed unless the project will be located entirely within the city limits. In that case, only the city planning agency must complete this form. This deals only with the local land use plan. Do not include approval for activities such as building or grading permits.

Please check the appropriate box below and provide the requested information

- Land uses to be served by the proposed water use(s), including proposed construction, are allowed outright or are not regulated by your comprehensive plan. Cite applicable ordinance section(s): LU400, PR zone (\$3.7.000), CT zone (\$3.16.000)
- Land uses to be served by the proposed water use(s), including proposed construction, involve discretionary land-use approvals as listed in the table below. (Please attach documentation of applicable land-use approvals which have already been obtained. Record of Action/land-use decision and accompanying findings are sufficient.) **If approvals have been obtained but all appeal periods have not ended, check "Being Pursued."**

**CONTRACT FOR PURCHASE OF INDUSTRIAL-COMMERCIAL OR MULTIPLE
PURPOSE WATER FROM GALESVILLE PROJECT**

This contract is made on April 4, 2025 between Douglas
County, a political subdivision of the State of Oregon, ("County"), and _____
Douglas County Fairgrounds Complex, ("Customer").

COUNTY AND CUSTOMER AGREE:

1. TERM AND RENEWAL:

1.1. The initial term of this contract shall begin on April 1, 2025
and end on March 31, 2030, unless it is sooner terminated as provided herein.

1.2. As used in this contract, unless the context clearly indicates otherwise, "term"
or "term of this contract" shall mean both the initial term and any extension.

1.3. Customer shall have the right to extend the term of this contract for five
successive periods of ten years each upon the following conditions:

1.3.1. Approximately ninety days prior to expiration of the contract term,
County shall notify Customer in writing that Customer has the right to extend the
term at the price set pursuant to section 11.

1.3.2. Customer may elect to extend the contract term by written notice to
County within thirty days after County gives notice of the right to extend.
Concurrently with written notice of extension Customer may request the Board of
Commissioners to review and reduce the price of water in accordance with
subsection 11.4.

1.3.3. No other act or agreement shall be required of the parties to effect the
extension after Customer gives proper notice of election to extend the contract
term.

1.3.4. Each extension shall commence on the day following the termination
date of the initial term or the preceding extension.

1.4. The provisions of this contract shall apply to any extension except for changes
in the purchase price pursuant to section 11; modifications required to comply with federal
or state statutes, regulations, or administrative rules; or modifications required to comply
with any contract between County and the United States concerning the Galesville Project.

1.5. Customer shall not be entitled to extend the term of this contract if Customer is
in default under this contract at the time extension is requested by Customer.

2. AUTHORITY OF PUBLIC WORKS DIRECTOR:

2.1. The Director of the Douglas County Public Works Department (the Director)
has authority to administer this contract on behalf of County.

2.2. The Director may delegate authority to administer this contract to the Manager
of the County Public Works Department, Natural Resources Division (the Division
Manager), except for authority to establish the price of water under section 11 of this
contract. The Director shall retain the right to supersede any decision of the Division
Manager in the administration and interpretation of this contract.

2.3. References to the Director in this contract shall be deemed to include the Division Manager, to the extent the Director has delegated authority to the Division Manager.

3. WATER ALLOCATION: Each year during the term of this contract, County shall allocate 5.0 acre feet of storage capacity in the Galesville Reservoir for Customer.

4. PERMITS AND CERTIFICATES OF WATER RIGHTS:

4.1. County shall file and maintain any reservoir water right permit and/or certificate to store water in the Galesville reservoir allocated for the Customer's use, as required by the State of Oregon Water Resources Department or its successor ("OWRD").

4.2. Customer, at Customer's expense, shall be responsible for obtaining any permit and/or certificate of water rights for use of the stored water allocated under this contract as required by the OWRD.

4.3. Within 6 months after the effective date of this contract, Customer shall provide County with a copy of the application map provided to the State.

5. RELEASE OF WATER:

5.1. Subject to the provisions of this contract, County will release into the natural channel of Cow Creek water comprising the allocation described in section 3. Water released for Customer's allocation shall be measured and delivered to Customer's point of diversion of record by County with equipment installed and maintained by County.

5.2. County shall report to the OWRD all allocated water stored and distributed to Customer's point of diversion of record, including reasonable losses. Customer shall report all water use as described on Customer's water right of record to the County no later than November 30th each year and as may be required by the State.

5.3. The obligations of County to allocate capacity may be restricted by any lawful order, regulation, or ruling of any governmental agency or provisions of a contract between County and the United States. Such legal restrictions may impair the County's ability to perform its obligations under this contract. In that event, County shall be relieved of its obligations to the extent necessary to comply with the legal restrictions. Customer's payments under this contract shall be reduced proportionally to any reduction in Customer's allocation resulting from such legal restrictions.

5.4. Notwithstanding any other provision of this contract, County may suspend release and delivery of water to Customer upon written notice to Customer if Customer fails to make any payment for such water when due.

6. DIVERSION AND USE OF WATER:

6.1. Customer shall be wholly responsible for taking, diverting, conveying, and utilizing its water and shall bear all losses from Customer's point of diversion.

6.2. Customer shall divert the water it is entitled to receive under this contract in accordance with schedules developed by the Customer and County.

6.3. The water diverted by Customer may be measured by County at the point of diversion. The point of diversion shall be accessible for inspection and measurement of

water at all reasonable times by County. Any easement necessary for County to gain access to the point of diversion shall be provided by Customer when requested by County.

6.4. The water shall be utilized for industrial-commercial or multiple purpose use. Customer shall utilize the water only for the uses and only on the real property described in Customer's permit and certificate.

6.5. Customer shall be responsible for purchase and installation of a meter or other suitable measuring device if required by the OWRD. Once installed, it shall be the Customer's responsibility to maintain such device in good working order. If requested by the OWRD, Customer shall maintain a record of the amount of water used and report water use on such periodic schedule as may be established by the OWRD.

6.6. If required, Customer shall purchase, install, maintain, and operate fish screening equipment and by-pass devices to prevent fish from entering the diversion. Any required screens and/or by-pass devices shall be in place, functional, and approved prior to the diversion of any water, under this contract.

7. QUALITY OF WATER: County shall operate and maintain the Galesville dam, reservoir, and related facilities in a reasonable and prudent manner, and shall endeavor in good faith to take adequate measures to maintain the quality of raw stored water at the facilities. County is under no obligation to construct or furnish water treatment facilities to maintain or improve the quality of water. **COUNTY MAKES NO WARRANTIES, EXPRESS OR IMPLIED, REGARDING THE QUALITY OF WATER RELEASED AND DELIVERED FROM GALESVILLE DAM, RESERVOIR, AND RELATED FACILITIES.**

8. WATER SHORTAGES: In any year in which a water shortage in the Galesville reservoir occurs, County shall apportion the available water supply among Customer and other users who are entitled to receive water from the reservoir. The quantity of water to be furnished for irrigation shall first be reduced as necessary, but not greater than 15%. Any further reduction in the reservoir water supply shall be shared by Customer and all other users entitled to water from the reservoir in the same proportion that the entitlement of each user, including Customer's entitlement under this contract, bears to the total entitlements of all users.

9. WATER CONSERVATION: Customer acknowledges the critical need for water conservation in the Umpqua River basin. Customer shall implement reasonable and prudent water conservation measures for industrial activities.

10. COMPLIANCE WITH LAW: This contract shall be governed by and construed in accordance with the laws of the State of Oregon. Each party shall perform its obligations in accordance with all applicable state, federal, and local laws, rules and regulations now or hereafter in effect.

11. PRICE OF WATER:

11.1. During the Initial term, the price for the allocation stated in section 3 shall be \$ 423.50 per year.

11.2. For each discrete ten year extension of the contract term, Customer shall pay the then current rate as established by County in accordance with this section. Notice of the right to extend under subsection 1.3.1 shall state the price of water during the extension.

11.3. The Director shall periodically review and adjust the price for water taking into account the following factors:

11.3.1. The current cost of operating and maintaining the Galesville dam, reservoir, and related facilities;

11.3.2. The projected costs for operating, maintaining, and replacing Galesville water storage and delivery facilities; and

11.3.3. The price of water sold by similar facilities for similar uses.

11.4. Customer may request the Board of Commissioners to review and reduce the price of water established by the Director. Such request shall be in writing and shall be given with the notice of Customer's election to extend the contract term. After considering the factors listed in subsection 11.3, the Board of Commissioners may reduce or affirm the price established by the Director. If the Board of Commissioners fails to take any action on Customer's request to review and reduce the price of water within 30 days after Customer makes the request, the request shall be deemed denied. If Customer is not satisfied with the action of the Board of Commissioners, Customer may rescind their election to extend the contract term and cancel the contract by written notice to County within sixty days after Customer requests the Board of Commissioners to review and reduce the price.

12. PAYMENT:

12.1. Customer shall pay County the annual price established by section 11 for the allocation stated in section 3 regardless of whether Customer uses any or all of the water allocated. Except as provided in subsection 12.2, payment shall be made no later than March 31 of each year.

12.2. If this contract is dated after March 2 in the year for which water is first to be released, then the amount due for the first year only shall be payable within 30 days after the date the contract is signed by County.

12.3. Interest shall accrue on late payments at the rate of eighteen percent per annum commencing the day after the date payment is due. Customer shall pay all interest upon the request of County.

13. LIMITATIONS ON LIABILITY:

13.1. County shall not be liable for damages or other expenses sustained by Customer resulting from shortages in the quantity of water available for release, or interruptions in water deliveries to Customer, if such shortages or interruptions in deliveries are caused partially or entirely by hostile diversion, accidental damage to County facilities, operational failure of County facilities, or any cause beyond County's control.

13.2. Notwithstanding any other provision of this contract, County shall not be liable to Customer for damages caused by failure to comply with any obligation of County under this contract, if such failure results from lack of appropriation of funds necessary to perform such obligation pursuant to ORS 294.305 et seq. (Local Budget Law).

MAY 19 2025
OWRD

13.3. In no event shall County be liable to Customer for any indirect, special, or consequential damages even if Customer previously advised County of the possibility of such damages.

14. DEFAULT:

14.1. There shall be a default under this contract if either party materially fails to comply with any provision of this contract within thirty days after the other party gives written notice specifying the breach. If the breach specified in the notice cannot be completely cured within the thirty day period, no default shall occur if the party receiving the notice begins curative action within the thirty day period and thereafter proceeds with reasonable diligence and in good faith to cure the breach as soon as practicable.

14.2. If a default occurs, the party injured by the default may elect to terminate this contract and pursue any equitable or legal rights and remedies available under Oregon law, except that Customer's remedies shall be subject to the limitations on damages stated in section 13.

14.3. Any litigation arising out of this contract shall be conducted in the Circuit Court of the State of Oregon for Douglas County.

15. SEVERABILITY: If any provision of this contract is held to be invalid, it will not affect the validity of any other provision of this contract. This contract shall be construed as if such invalid provision had never been included.

16. WAIVER: No provision of this contract shall be waived unless the waiver is written and signed by the party waiving its rights. Any waiver of a breach, whether express or implied, shall not constitute waiver of any other breach.

17. SUCCESSORS: The successors, assigns, and legal representatives of Customer and County shall be subject to all provisions of this contract. Customer shall not assign Customer's rights or obligations under this contract without prior written consent of County.

18. NOTICES:

18.1. Notices required by this Contract must be given in writing by personal delivery or mail, unless some other means or method of notice is required by law.

18.2. Notices to County shall be directed to Thomas R. Manton, Division Manager, Douglas County Public Works Department, Natural Resources Division, Room 306, Douglas County Courthouse, 1036 SE Douglas Street, Roseburg, OR 97470.

18.3. Notices to Customer shall be directed to: _____
Douglas County Fairgrounds Complex
2110 SW Frear Street, Roseburg OR 97471

19. ENTIRE AGREEMENT: This contract is in the final and complete agreement of the parties and supersedes all prior and existing written or oral understandings. No modification of this contract shall be valid unless it is in writing and signed by the parties.

20. TERMINATION FOR CONVENIENCE: County may terminate this Contract if the Director determines in good faith that termination is in the best interest of the public. The Director will endeavor to give Contractor notice thirty days prior to the date of termination under this section, but failure to give notice will not invalidate the decision to terminate. Termination under this section will not affect the rights of County and/or Customer existing at the time of termination
