

**Oregon Water Resources Department  
Water Right Services Division**

Water Right Application G-18481 in the       )  
name of ULRICH WINGENS                       )  
  )

PROPOSED FINAL ORDER  
TO DENY

**Summary:** The Department proposes to issue an order denying Application G-18481 because groundwater is not available for the proposed use.

**Authority**

The application is being processed in accordance with Oregon Revised Statute (ORS) 537.615 through 537.628, and 390.826, and Oregon Administrative Rule (OAR) Chapter 690, Divisions 5, 8, 9, 33, 300, 310, 400, 410 and the Hood Basin Program (OAR 690-504). These statutes and rules can be viewed on the following website: [www.oregon.gov/OWRD/programs/policylawandrules](http://www.oregon.gov/OWRD/programs/policylawandrules)

The Department's main website can be found at: [www.oregon.gov/OWRD](http://www.oregon.gov/OWRD)

The Department shall presume that a proposed groundwater use will ensure the preservation of the public welfare, safety and health as described in ORS 537.525 if:

- a) The proposed use is allowed in the applicable basin program established pursuant to ORS 536.300 and ORS 536.340 or given a preference under ORS 536.310(12);
- b) Water is available;
- c) The proposed use will not injure other water rights; and
- d) The proposed use complies with the rules of the Commission.

ORS 537.621(2); OAR 690-310-0130.

All four criteria must be met for a proposed use to be presumed to ensure the preservation of the public welfare, safety and health. This shall be a rebuttable presumption and may be overcome by a preponderance of evidence that either one or more of the criteria for establishing the presumption are not satisfied, or that the proposed use would not ensure the preservation of the public welfare, safety and health as demonstrated in any comments received, information available in the Department's files or received from other interested agencies, and any other available information. ORS 537.621(2); OAR 690-310-0130(2).

If the Department determines that the presumption is not established, the Department shall determine whether the proposed use will impair or adversely affect the public welfare, safety and health under ORS 537.525 and may either:

- a) Propose denial of the application upon a finding that the use will impair or adversely affect the public welfare, safety and health; or

- b) Make specific findings to demonstrate that even though the presumption is not established, the proposed use will not impair or adversely affect the public welfare, safety and health and propose approval of the application with appropriate modifications or conditions.

ORAR 690-310-0140(2).

### **FINDINGS OF FACT**

#### **Application History**

1. On March 10, 2017, Ulrich Wingens filed a complete application for the following water use:

**Source:** A WELL (WASC 3243) IN GOOSEBERRY CREEK BASIN

**Use:** IRRIGATION OF 67.9 ACRES

**Rate:** 0.67 CUBIC FOOT PER SECOND (CFS), FURTHER LIMITED TO 203.7 ACRE-FEET (AF) ANNUALLY

**Period of Use:** MARCH 1 THROUGH OCTOBER 31

**County:** WASCO COUNTY

**Place of Use:** SECTION 20, TOWNSHIP 2 NORTH, RANGE 13 EAST, W.M.

2. On March 16, 2018, the Department mailed the applicant notice of its Initial Review, determining that not all determinations herein are favorable, therefore **it is unlikely that Application G-18481 will be approved**. The applicant did not notify the Department to stop processing the application within 14 days of that date.
3. On March 20, 2018, the Department provided notice of the application in its weekly public notice, requesting comments, and providing information for interested persons about obtaining future notices and a copy of the Proposed Final Order.
4. On March 22, 2018, the applicant requested that the application be placed on administrative hold to gather additional information. Additional holds were requested on April 26, 2018, July 2, 2018, and December 18, 2018. The last administrative hold expired on July 1, 2019.

#### **Presumption Criterion (a) - Consistency with Basin Program**

5. Irrigation is allowed under the Hood Basin Program (ORAR 690-504-0000(1)). ORS 537.621(3)(b); ORAR 690-310-0150(2)(b).

#### **Presumption Criterion (b) - Water Availability**

6. An assessment of groundwater availability has been completed by the Department. A copy of this assessment is in the file and can be viewed on the Department's website. Groundwater for the proposed use is over-appropriated. Therefore, **groundwater is not available for the proposed use**. ORS 537.621(3)(c); ORAR 690-310-0150(2)(c); ORAR 690-300-0010(57).
7. The Department has determined that the proposed groundwater use will not have the potential for substantial interference (PSI) with surface water. ORS 537.621(3)(c); ORAR 690-009-0040.

#### **Presumption Criterion (c) - Injury Determination**

8. If properly conditioned (and if authorized), the proposed use of groundwater will not injure other water rights. ORS 537.621(3)(d); ORAR 690-310-0150(2)(e).

**Presumption Criterion (d) - Whether the Use Complies with Rules of the Commission**

9. Documentation has been submitted from the relevant land-use planning jurisdiction that indicates an approved land-use decision has been obtained, and that either no administrative appeals were received, or all such appeals have concluded. ORS 537.621(3)(b); OAR 690-310-0150(2)(b).
10. The proposed use is not located within or above a state scenic waterway, as designated under ORS 390.826. OAR 690-310-0260.

**Presumption that a Proposed Use will Ensure the Preservation of the Public Welfare, Safety and Health under ORS 537.525**

11. Because water is not available, one of the criteria necessary to establish the presumption is not met and the presumption that the proposed groundwater use will ensure the preservation of the public, welfare, safety and health under ORS 537.525 is not established. OAR 690-310-0140(1); OAR 690-310-0150(2)(h).
12. Because the presumption is not established, the Department evaluated whether the proposed use will impair or adversely affect the public welfare, safety and health under ORS 537.525. OAR 690-310-0140(2).
13. Information available in Department files, received from other interested agencies, and other available information does not provide a preponderance of evidence that the proposed use would otherwise ensure the preservation of the public welfare, safety and health under ORS 537.525. ORS 537.625(3); OAR-690-310-0140(5).

**Further Evaluation of the Proposed Use**

14. No written comments were received by the close of the comment period. OAR 690-310-0150(1).

**Other Criteria and Requirements**

15. The amount of water requested, 0.67 CFS, further limited to 203.7 AF annually, is necessary for the proposed use. ORS 537.621(3)(c); OAR 690-310-0150(2)(d).
16. The applicant proposed measures to prevent waste, measure the amount of water appropriated, prevent damage to aquatic life and riparian habitat, prevent discharge of contaminated water to a surface stream and to prevent damage to public uses of any affected surface waters. These measures are included in Section 5 of the application. OAR 690-310-0150(2)(j).
17. The proposed use complies with rules of the Water Resources Commission not otherwise described above.

**CONCLUSION OF LAW**

1. The proposed use will not ensure the preservation of the public welfare, safety and health as described in ORS 537.525.

**PROPOSED ORDER**

The Department recommends issuing an order denying Application G-18481.

DATED May 27, 2025

A handwritten signature in cursive script, reading "Katherine Ratcliffe", is positioned above a horizontal line.

Water Right Services Division Administrator, for  
Ivan Gall, Director  
Oregon Water Resources Department

## Protests

Under the provisions of ORS 537.153(7) (for surface water) or ORS 537.621(8) (for groundwater), you can protest this Proposed Final Order. If you wish to submit a protest by U.S. mail, please consider mailing early to ensure the Department receives the protest by the deadline specified. Protests must be received by the Water Resources Department no later than **July 11, 2025**.

As provided in ORS 537.621(7), ORS 536.050(1)(j), and OAR 690-002-0025 — 0035, protests must be in writing and include the following:

- Your name, address, and telephone number;
- A description of your interest in the Proposed Final Order, and, if you claim to represent the public interest, a precise statement of the public interest represented;
- A detailed description of how the action proposed in the Proposed Final Order would impair or be detrimental to your interest;
- A detailed description of how the Proposed Final Order is in error or deficient, and how to correct the alleged error or deficiency;
- Any citation of legal authority to support your protest, if known;
- Any information or evidence that the proposed use or the proposed use as modified would preserve the public welfare, safety and health as provided in ORS 537.625(3).
- If you are the applicant, a protest fee required by ORS 536.050 (\$480 if paid on or before June 30, 2025, with a likely fee increase effective on July 1, 2025); and
- If you are not the applicant, a protest fee required by ORS 536.050 (\$950 if paid on or before June 30, 2025, with a likely fee increase effective on July 1, 2025) and proof of service of the protest upon the applicant.
- If you are the applicant, a statement of whether or not you are requesting a contested case hearing.

## Requests for Standing

Under the provisions of ORS 537.153(7) (for surface water) or ORS 537.621(8) (for groundwater), persons other than the applicant who support a Proposed Final Order can request standing for purposes of participating in any contested case proceeding on the Proposed Final Order or for judicial review of a Final Order.

Requests for standing must be received in the Water Resources Department no later than **July 11, 2025**. Requests for standing must be in writing, and must include the following:

- The requester's name, mailing address and telephone number;
- If the requester is representing a group, association or other organization, the name, address and telephone number of the represented group;
- A statement that the requester supports the Proposed Final Order as issued;
- A detailed statement of how the requester would be harmed if the Proposed Final Order is modified; and
- A standing fee of \$270. If a hearing is scheduled, an additional fee of \$680 must be submitted along with a petition for party status. These fees are effective through June 30, 2025; the Department anticipates a fee increase effective on July 1, 2025.

After the protest period has ended, the Director will either issue a Final Order or schedule a contested case hearing. The contested case hearing will be scheduled only if a protest has been submitted and either:

- upon review of the issues, the director finds that there are significant disputes related to the proposed use of water, or
- the applicant requests a contested case hearing within 30 days after the close of the protest period.

If you do not timely file a protest or timely request a hearing, or if you withdraw a request for a hearing, notify the Department or the administrative law judge that you will not appear or fail to appear at a scheduled hearing, the Director may issue a Final Order by default. If the Director issues a Final Order by default, the Department designates the relevant portions of its files on this matter, including all materials that you have submitted relating to this matter, as the record for purpose of proving a *prima facie* case upon default. OAR 137-003-0670.

You may be represented by an attorney at the hearing. Legal aid organizations may be able to assist a party with limited financial resources. Generally, partnerships, corporations, associations, governmental subdivisions or public or private organizations are represented by an attorney. However, consistent with OAR 690-002-0020 and OAR 137-003-0555, an agency representative may represent a partnership, corporation, association, governmental subdivision or public or private organization if the Department determines that appearance of a person by an authorized representative will not hinder the orderly and timely development of the record in this case.

**Notice To Active Duty Servicemembers:** Active-duty service members have a right to stay proceedings under the federal Service Members Civil Relief Act. 50 U.S.C. App. §§501-597b.
