RE: File# SWR-286

DEAR FORREST J. HALES,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Alan B. Hermann. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

diversion point location	ORS 539.240 (2) (d) (A) "...in reference to an established corner of the US public lands survey or recorded subdivision..." You must show the diversion for stockwater.
conveyance	ORS 539.120 "...the location of and each ditch, canal, pipeline or other means of conveying the water..." You must show the conveyance for stockwater.
place of use (¼ ¼)	ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You must show the place of use for stockwater.
diversion point size	OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems." You must show the required data for both stockwater and domestic beneficial use.

Since the claim does not include irrigation, would you explain why the irrigation system is shown on the map?

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

A handwritten signature in black ink, appearing to read "Don Knauer". The signature is fluid and cursive, with a large initial "D" and a long, sweeping underline.
