Dear Sir:

Upon examination of your registration statement, we have noted that the statement appears to be in good order except for Item 13.

Under this item you should show the make and type of pumping equipment presently installed on the well and also the type and horse-power rating of the pump motor.

After completing Item 13, please return the statement to this office and we will be able to process it for certification.

Very truly yours,

LEWIS A. STANLEY

Dear Bart,

Reason for none-completion of this item was fact that no pumping equipment is currently installed on the well. When we do start pumping it will probably be a 5x6 F-M Volute centrifugal with PTO drive. With best regards, *Chester Smith*

Dear Sir:

Please send me about ten copies of the application form for registration of irrigation well, and three copies of the instructions pertaining to the use of these forms. In my present position as an irrigation equipment salesman I feel that I would be performing a service to farmers by reminding them of the necessity for registering wells and providing forms and instructions to those who do not already have them.

Thank you.

Sincerely,

Chester A. Smith, Jr.
