Re: File No. P-78007
Notice of Exempt Reservoir

Dear Mr. Beaman:

Enclosed please find the original (2) Notice of Exempt Reservoir Accepted Applications received by the Oregon Water Resources Department on December 28, 1994. Apparently these originals did not find their way to your office and were returned to us on December 7, 1995.

In speaking with Corey Engel and Gerry Clark of the Oregon Water Resource Department in Salem, and Ramona of your office, it has been concluded that the original acknowledged applications and supporting map should have been forwarded to your office for safe keeping.

I appreciate your assistance and if further questions arise, please contact me at 221-7112 in Portland.

Sincerely,

Robert H. Burnham

REFERENCE: File # P-78007;
Notice of Exempt Reservoir (Pond)

Your exempt reservoir notice has been received by the Department and has been assigned the above-referenced file number. We would like to ask you to refer to this number if you should need to contact us about the notice, your pond, or ponds if you have more than one.

To avoid any misunderstanding, we feel it is important to tell you that although we have received and filed your notice, we have not yet determined whether you are exempt from water right requirements. The watermaster responsible for the area in which the pond(s) is (are) located will help us apply the Water Resources Commission's administrative rules to your situation. These rules set the standards that determine which ponds require water rights and which are exempt. We will let you know the results as soon as we are able to complete our review of your pond(s)'s nature.

Since the department must rely initially on the information you submit to us, it is very important that the information be complete and accurate. If inspections show that your pond(s) does (do) not qualify as exempt, you could be asked to drain the pond(s) or submit a water right application or both. If you submit your application after January 1, 1995, it will be processed like any other application, since that is the deadline for filing water rights under the pond amnesty program.

The department will process your information as quickly as possible. However, because water right processing staff members are working hard to reduce a backlog of applications, it may be some weeks before you hear from us.

If you have questions, you may contact your watermaster. The enclosed brochure lists watermaster names, telephone numbers and addresses by county.

Sincerely,

Mr. Cory C. Engel
