RE: File# SWR-309

DEAR HOWARD J. NEWHOUSE,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for **Dollie E. Crocket Estate**. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

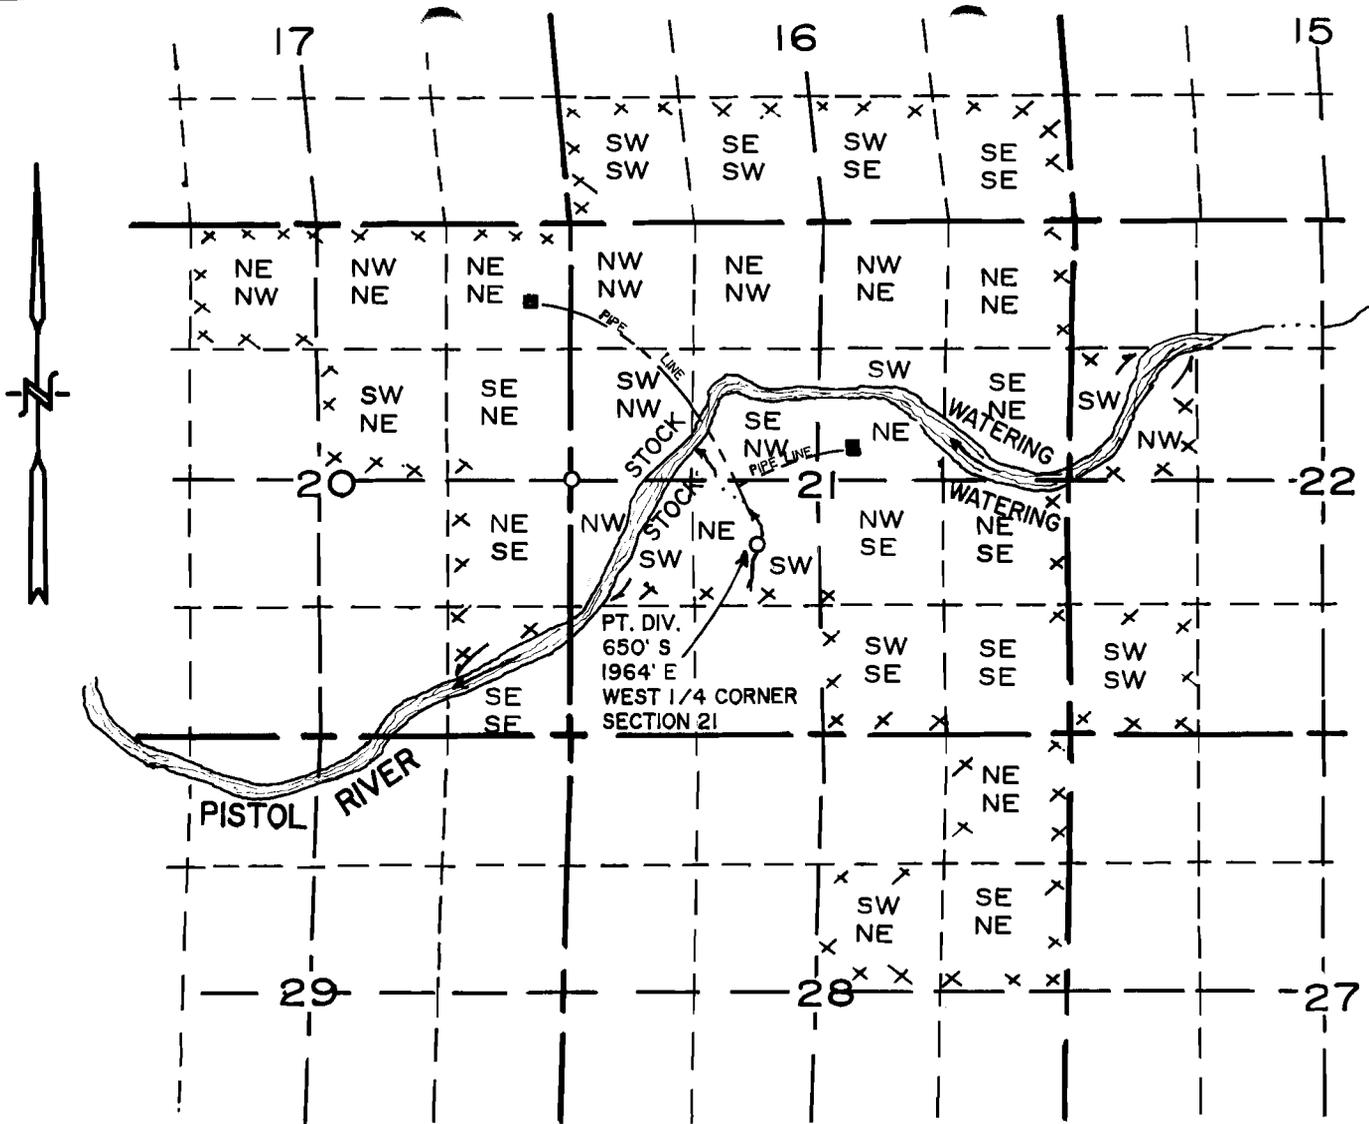

scale OAR 690-14-170-1 "The map scale shall be 1" = 1320', 1" = 400', or the scale of the county assessor map..." I am not requiring you to change the scale of this map. This is a reminder for your future reference.

diversion point size OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems."

I am enclosing a copy of the checklist and claim to beneficial use report information used by the adjudication section. You may find it useful in preparing the required map and information. Many Certified Water Right Examiners have seen these and are using them.

## Land Use Information Form: Permits, Hydroelectric Licenses, Water Uses in Addition to Classified Uses

This information is needed to determine compatibility with local comprehensive plans as required by ORS 197.180. The Water Resources Department will use this and other information to evaluate the water use application. **DO NOT FILL OUT THIS FORM IF water is to be diverted, conveyed, and/or used only on federal lands.**

Applicant's Name: Dollie E. Crockett Estate; Eva M. Hiatt, Personal Rep.  
 Address: P.O. Box 45  
 City: Pistol River State: Or. Zip: 97444 Day Phone: 247-2639

Please provide information as requested below for all tax lots on or through which water will be diverted or used. (Attach extra sheets as necessary.) Applicants for municipal use, or irrigation uses within irrigation districts, may substitute existing and proposed service area boundaries for the tax lot information requested below.

Tax Lot or Local I.D.#	Plan Designation/Zoning (e.g. Rural Residential/RR-5)	Check All That Apply		
		Water Diverted	Water Conveyed	Water Use
TL 4000	FORESTRY GRAZING (FG)	*	*	*
TL 5100 35-14-Index	TIMBER (T) / FORESTRY GRAZING (FG)	*	*	*

Please list all counties and cities within which water is proposed to be diverted, conveyed, and/or used.

The following section must be completed by a planning official from each county and city listed unless your project will be located entirely within city limits. In this case, only the city planning agency must complete this form. Please request extra forms as needed.

### For Local Government Use Only

Local planning officials are to complete the remainder of this form. If it cannot be completed while the applicant waits, sign and detach the receipt as instructed below. You will receive notice when the applicant's water right request is filed with the Water Resources Department (WRD). You will have 30 days from the notice date to return this completed land use form to WRD. If no land use information is received from you within that period, WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan.

a) Check the appropriate box below and provide requested information.

Land uses to be served by proposed water uses (including proposed construction) are allowed outright or are not regulated by your comprehensive plan. Cite applicable ordinance section(s): SEC. 3.056 EXISTING DWELLINGS Go to section b) on reverse side.

Land uses to be served by proposed water uses (including proposed construction) involve discretionary land use approvals as listed in the table below. **Note:** Please attach documentation of applicable local land use approvals which have already been obtained. (Record of Action plus any accompanying findings is sufficient.)

A PIONEER FAMILY - GEORGE LAWRENCE, SR. & RUTH MC VAY LAWRENCE

This is a brief summary of the pioneer family of George Lawrence, Sr. There were many children in this family so there should be many stories to be told as it branched out into the community. We found the names of eleven of the children, all of whom have passed away, but we would like to know about the twelfth child. If anyone has this information, please get in touch with the Curry County Historical Society or Museum so we can add it to our file on the Lawrence family.

OBITUARY - Geo. W. Lawrence; Mary Lee Frame "Curry County Reporter," 2-6-1919

"George Washington Lawrence was born at the old home place of the Lawrence family at Pistol river May 9, 1875, and died Wednesday, January 15, 1919, at 6 a.m., at the home of Mr. & Mrs. David Frame, in Gold Beach, being 44 years and 3 days of age at the time of his death. The deceased was a victim of complications following an attack of influenza, being first taken sick on Friday, January 3rd. Funeral services were conducted on the afternoon of Wednesday, January 15th, interment being in the local cemetery.

Mary Lee Frame (nee Lawrence) was also born at the old Lawrence home on Pistol river May 9, 1873, and died on Monday, January 20, 1919, at 3:30 a.m., at her home in Gold Beach, and was 45 years, 8 months and 11 days old at the time of her death, due to the Spanish influenza. The deceased was taken ill on Monday, January 6th, and for two weeks waged a battle for life with the grim reaper but finally succumbed. She was laid to rest at the local cemetery January 20th.

George Washington Lawrence and Mary Lee Frame (nee Lawrence) were the children of Mr. & Mrs. George Lawrence, who for fifty-seven years were residents of the Lawrence ranch at Pistol river. The father was born in Washington County, Arkansas, March 19, 1830, and came to Oregon in November 1852, having crossed the plains by ox-team and fought in various Indian wars. He arrived in Curry County in December 1860, and settled at what was called Flemming slough, two miles north of Wedderburn, but in 1865 he moved to Pistol river, where he entered the stock-raising business. His wife's maiden name was Ruth Anne McVay, and she was born in Missouri, June 22, 1840. There were twelve children born to this union at their Pistol river home. In addition, Mrs. Lawrence was the mother of one child by a former marriage. Of these thirteen children, all but three have passed to the great beyond. The survivors, in addition to the mother, who is near the eighty years of age, are Allan A., Edward J., who reside at Pistol river; and Mrs. Ella Engels, who resides at Peel, near Roseburg. Thus the aged mother has indeed had her full measure of sorrow and at the present time is quite ill from the shock of the death of her two children.

Mary Lee Lawrence was united in marriage to Dave Frame on July 28th, 1892, in Gold Beach, and they had no children although they adopted the little daughter of her sister, Mrs. Craine, and raised the child as their own, Mrs. Frame being especially devoted to the little girl. Upon Mr. Frame devolved the care of the deceased during the earlier part of their sickness and the task proved almost superhuman, as he had very little sleep and no appetite to take nourishment during that time. Toward the end he was assisted by Mrs. Anna Clark, of Pistol river, and also by kind-hearted neighbors. Although both he and Mrs. Clark were at the bedside of the patients continually, neither of them contracted the disease.

continued.....

A PIONEER FAMILY - GEORGE LAWRENCE, SR. & RUTH MC VAY LAWRENCE - Continued

Mr. Frame says he is convinced the sickness of both patients was greatly aggravated by the storm which came up a few days after they were taken ill, and is of the opinion that had the weather remained clear and sunshiny, both would have had an even chance of pulling through. As he was by their bedside all the time he was able to note a change for the worst from the time the storm struck, the dampened atmosphere having an evident effect in developing pneumonia.

The aged mother and bereaved relatives have the sympathy of the entire community in their deep sorrow and many words of love and kindness have been spoken which have been much comfort in their time of grief. Both Mrs. Frame and Mr. Lawrence, being natives of this section, had hosts of friends and acquaintances throughout the county who were shocked and grieved to learn of their untimely passing. Words are inadequate to express the sympathy which comes from many hearts to those who were near and dear to the beloved departed."

James Newell (Bestly) Lawrence (1-12-1858 - 8-17-1865) was the son of Ruth McVay by an earlier marriage.

Listed below are the eleven children of George Lawrence and Ruth Anne McVay who we have on record, and are hoping some one will recall the name of the twelfth child:

Elias Hutson Lawrence - Sept. 5, 1861 - Nov. 17, 1883

Hiram Everman Lawrence - Mar. 27, 1863 - Aug. 3, 1884

Samuel Henry Lawrence - July 22, 1865 - Nov. 28, 1868

Susan Ellen Lawrence - July 22, 1867 - Sept. 26, 1924 - She was referred to as Ella and she married H.L. Engels on Oct. 15, 1885 at Pistol river. Their daughter, Mina Christenson of Brookings, passed away about 2 years ago.

Fanny Jane Lawrence - Mar. 22, 1869 - June 3, 1900 - She was called Mina and was married to Jim Averill (a brother of Moss Averill) and their two daughters were Oleta Averill Walker and Ruth Averill Nilsson. Upon the death of their mother, the girls lived with their grandmother, Ruth McVay Lawrence and attended Mt. Angel College. For many years Oleta Walker was clerk of Curry County. Ruth Nilsson was the mother of Averill Walker, Oleta Jarrett, and Kenneth Walker.

Sarah Ann Lawrence - Aug. 16, 1871 - Nov. 13, 1918 - She was married to a Mr. Lawrence Hare and then later to Mr. Craine.

Mary Lee Lawrence - May 9, 1873 - Jan. 20, 1919 - She was married to Dave Frame.

George Washington Lawrence, Jr. - Jan. 18, 1875 - Jan. 15, 1919

Andy Allan Lawrence - May 12, 1877 - July 25, 1953 - His wife, Mrs. Ivy Lawrence still lives in Gold Beach.

Netty Elizabeth Lawrence - Dec. 6, 1879 - June 11, 1881

Jessi Edward Lawrence - July 19, 1882 - Nov. 25, 1973 - He married Olive Mae Brown (Nov. 28, 1888 - Jan. 29, 1971) of Langlois on February 14, 1906, at Pistol river. They had two daughters, Elsie Mae Lawrence (Hockema) (Feb. 22, 1907 - April 12, 1944) and Anita Mabel Lawrence (Hervey) Mrs. Hervey lives out of Coquille now. Ed Lawrence had polio in 1916 when the girls were small, and although he never walked again, he was very active and continued to manage his Pistol river ranch until he was quite elderly.

The father of Olive Mae Brown, Cyrus M. Brown, came to Oregon in 1876 just 100 years ago. Only one of the family is alive today and that is Leo G. Brown of Crescent City, California, This would be an interesting family to hear about as there must be many descendants living in Curry County.

LONG, CHRIS, with his parents, came to Port Orford in 1854. His father's name was also Christopher. He settled about a mile back from Capt. Tichenor. They had crossed the plains in 1853, and wintered at Yreka, Cal. They brought cattle to Port Orford that they drove from Illinois, they being about the first ever brought from Camas valley down to the Coquille. Chris Long Sr. died about 1855, when the Indian war broke out, and was buried at Port Orford. Young Chris had a brother by name Sylvester, three years his senior. He belonged to the Home Guard, and when it was learned that the people at the mouth of Rogue river were besieged in their little fort, he with eight others went to render assistance, if possible. All of the party was drowned at the Rogue river bar, except Capt. Davis and DeFremery, Sylvester Long being one of the lost. The Longs engaged in dairying and stock raising, selling butter at 75 cents per pound in early days and the indomitable energy of Chris Long has placed him in good financial circumstances.

LANGLOIS, FRANK M., was born Aug. 21, 1850, and came to Curry Co. in 1854, and settled on Floras creek, and has lived there ever since. He has a general merchandise store at Langlois and also owns the livery stable at that place. He was the assistant at the Cape Arago light house for a time and was assessor of Curry Co., in 1887. His wife's maiden name was Georgia E. Hormen, and they have one child, Ivy N., aged 5 years.

LENEVE, JOHN W., was born in Coos Co., Or., in 1867. His wife's maiden name was Kittie Cox, born in Douglas county, Or., in 1868. They have one child, W. Lanson, born in 1892. His occupation is a merchant.

Dear Mr. Sands:

This office is in receipt of your January 19 dated letter of enquiry regarding the Lawrence place owned by the Crockett family trust on Pistol River.

A brief outline of OWRD involvement on the Lawrence place may be summarized as follows:

1988/1989 I personally spoke with June (Crockett) Hiatt indicating the necessity of having a valid water use permit. I provided Mrs. Hiatt with the required application forms and offered to assist in the application process.

1991 Enquiry by Dolly Crockett's ranch manager, George Hiatt, resulted in a letter of response from the watermaster indicating that the ranch had no water rights. Options mentioned in the letter were A.) apply for the required water use permit, and B.) submit a pre-1909 surface water registration claim for water uses which qualified for the vested water right claim.

1993 I spoke with Mr. Hiatt, and advised him that since no surface water application had been submitted, the Crockett ranch would no longer be allowed to irrigate until such time as a permit would be issued by the OWRD.

Oregon water law allowed pre-1909 vested rights to be claimed for water uses initiated prior to 1909 and used continuously (without a 5 year period of non-use) through 1993. A claim for stockwater and domestic use for two families has been made by the Crockett's and accepted by the OWRD. Adjudication of the claims will occur at some future undetermined time. Until then, this claim is recognized as a legitimate claim.

CF: DON KNAUER

Jerry D. Sands

page 2

A similar claim for irrigation could not have been made because it is extremely unlikely that the ranch had continuously been irrigated since prior to 1909.

However, an option always available to the Crockett's from the time that they purchased the property in 1962 until present, is to apply for an irrigation right. The OWRD would likely have issued a permit in 1962--the current climate for water use permit applications is fraught with uncertainties.

Therefore, if my above summary is clear enough to be understood, I now may attempt to answer several of the enquiries contained within your above referenced letter.

Your Question a.:

No irrigation rights were ever "lost" because the Lawrence place never had any rights to loose. A claim for pre-1909 rights likely could never have been substantiated because irrigation use likely did not occur prior to rural electrification of the area.

Your Question b.:

No.

Your Question c.:

By "claims", if you mean surface water registration claims, then no claims are superior, or senior, to the Crocketts' surface water registration claim from the unnamed stream for domestic use and stockwater.

By "claim", if you are referring to any proposed surface water use permit application, then there are many senior rights and a pending Fish & Wildlife Department instream water right.

Your Question d.:

The odds of the OWRD favorably considering a substantial irrigation appropriation from Pistol River are not good. However, application fees are only \$200 and it is no longer required that a map prepared by a certified water rights examiner accompany the application.

Mr. Sands, my responses to the enquiries contained with your letter have necessarily been brief; my apologies. However, should you wish me to elaborate on details, please get back in touch.

Sincerely,

John P. Drolet

Dear Dennis,

I am sending copies of the pertinent data in the file for the DOLLIE CROCKETT ESTATE. There are copies of land patents but they are so dark and hard to read, a copy of them would be useless.

If you have any questions, please give me a call.

RE: File# SWR-309

DEAR HOWARD J. NEWHOUSE,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for **Dollie E. Crocket Estate**. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

scale

OAR 690-14-170-1 "The map scale shall be 1" = 1320', 1" = 400', or the scale of the county assessor map..." I am not requiring you to change the scale of this map. This is a reminder for your future reference.

diversion point size

OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems."

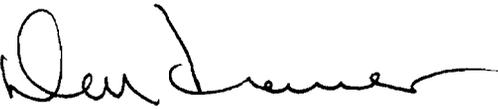

I am enclosing a copy of the checklist and claim to beneficial use report information used by the adjudication section. You may find it useful in preparing the required map and information. Many Certified Water Right Examiners have seen these and are using them.

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Dear EVA M HIATT,

This will acknowledge that your Surface Water Registration Statement in the name of DOLLIE E CROCKETT ESTATE has been received by our office. The fees in the amount of \$400.00 have been received and our receipt #95694 is enclosed. Your registration statement has been numbered SWR-309.

Our office will review your form and map in the near future. If necessary we will schedule a meeting with you that will include a site inspection. If there are problems with your form we are usually able to take care of them during our visit. We will be able to answer any questions you might have about the adjudication process at that time.

Please feel free to contact this office if you have any questions.

Sincerely,

Don Knauer  
Adjudication Specialist
