Surveyed MAY 26 1972, by R. R. MCKEN

STATE OF OREGON
COUNTY OF CLACKAMAS
Proof of Appropriation of Water

RECEIVED

JUN 25 1974

STATE ENGINEER
SALEM, OREGON

ERNEST M. COOKE

of **Route 1, Box 1480, Sandy**, State of **Oregon**,
has applied beneficially the waters of
an unnamed spring

a tributary of **Sandy River** for the purpose of
domestic use of one family and domestic use in recreation hall

under Permit No. **32687** of the State Engineer, and that the use of said waters has been
completed under the terms of said permit; that the priority of the
right dates from **June 15, 1967**

that the amount of water for the purposes aforesaid, has been actually beneficially used in the
amount of
0.02 cubic foot per second

or its equivalent in case of rotation, measured at the point of diversion from the stream.
The point of diversion is located in the **NW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 23, T. 2 S., R. 6 E., W. M.,**
210 feet South and 100 feet East from NW Corner, Section 23.

The amount of water used for irrigation, together with the amount secured under any other
right existing for the same lands, shall be limited to ----- of one cubic foot per second
per acre,

and shall
conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right, and to which such right is appurtenant, is
as follows:

NE $\frac{1}{4}$ NE $\frac{1}{4}$
Section 22
T. 2 S., R. 6 E., W. M.

I have read the above and foregoing proof of appropriation of water; I know the contents
thereof, and that the facts therein stated are true.

IN WITNESS WHEREOF, I have hereunto set my hand this 22 day of June,

1974

Ernest M. Cooke

Dear Mr. Cooke:

Enclosed is the final proof in connection with the incomplete water right represented by your permit number ~~R-5024, 32087, and 32677.~~

The data contained in the proof, which is based on an inspection and survey of your project made by a representative of this department, defines the extent to which your water right has been completed within the terms of your permit. The proof should be dated and signed by you and returned to this office.

Upon receipt of the proof, properly executed and accompanied by the statutory recording fee of \$1.50, a certificate of water right will be issued confirming the right thereunder and, after being recorded in the county records, will be forwarded to you.

Very truly yours,

CHRIS L. WHEELER
State Engineer

Form 117

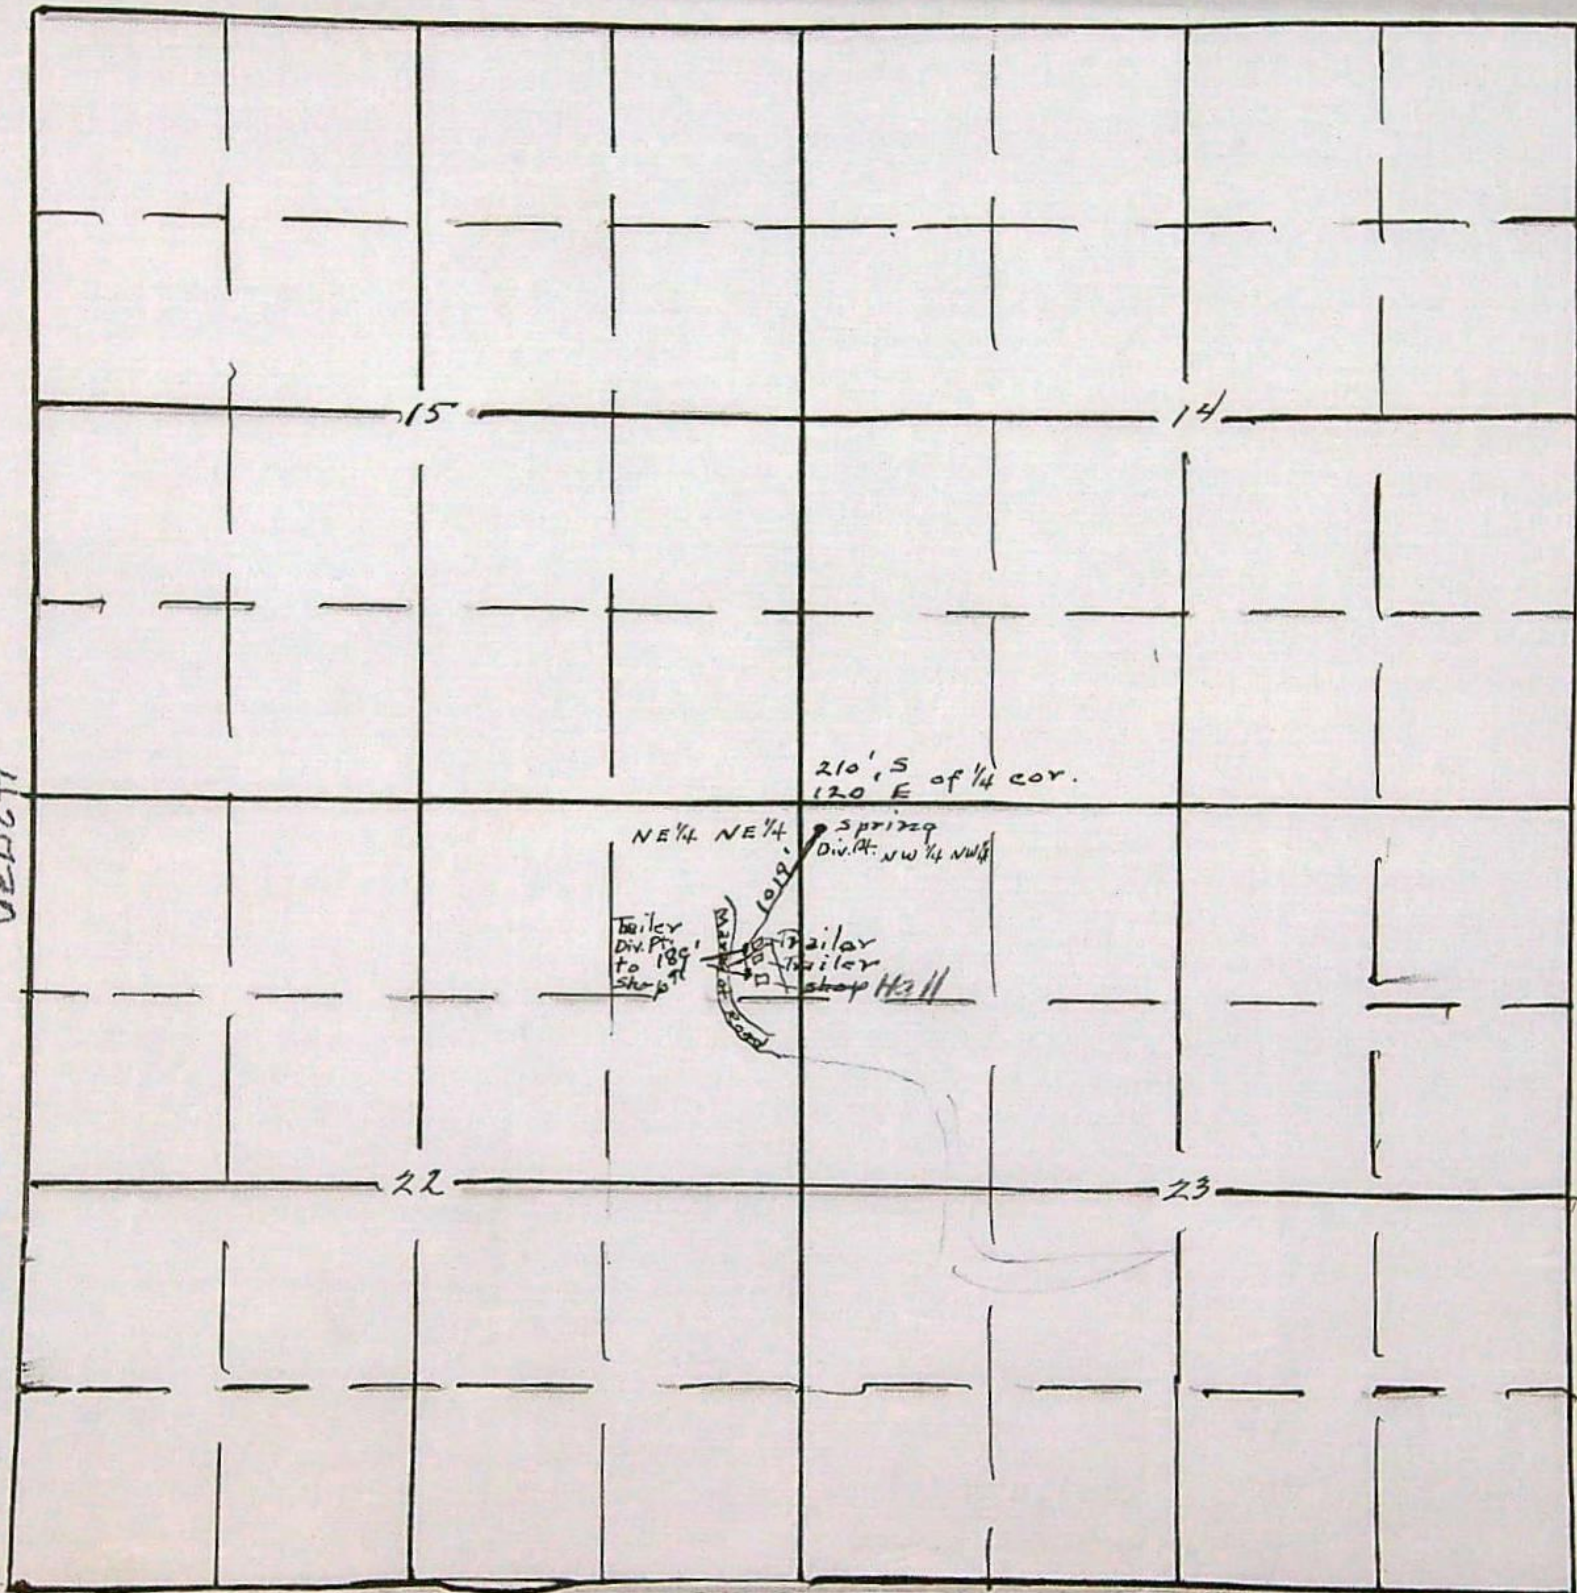

Enclosure

The enclosed map may be retained for your own records.
Please submit \$1.50 for each permit (total \$4.50).

43716

July 7, 1967

Ernest M. Cooke
Rt. 1, Box 772
Sandy, Oregon 97055

Dear Sir:

This will acknowledge receipt of your returned application No. 43716, also describing the point of diversion from the small stream and the application map.

Also acknowledged is receipt of your application for a permit to construct a reservoir and store 3.75 acre feet of water therein from a small unnamed stream for fish culture and the fee of \$20 for which our receipt No. 4563 is enclosed. This application has been filed and numbered R-43740.

Also acknowledged is receipt of your application for a permit to appropriate 0.03 cubic foot of water per second from an unnamed spring for two family domestic and a logging shop, a map, legal description, and the fee of \$25 for which our receipt No. 4423 is enclosed. This application has been filed and numbered 43730.

Items No. 5a and 5b on the reservoir application No. R-43740 indicate a man-made earth fill in a small stream. Therefore, the small dam data sheet, which is enclosed must be completed, as well as item No. 6 on the reservoir application.

The enclosed spring description sheet must be completed to describe the spring on which you are filing in your application No. 43730.

The Sandy River and its tributaries are closed to the appropriation for commercial use. Therefore, the logging shop use as listed in items No. 3, 8, 10b, and the section provided for remarks must be deleted.

Ernest M. Cooke

Page 2

July 7, 1967

I am returning application No. R-43740 with a small dam data sheet for completion, and 43730 with a spring description sheet for completion and correction. The applications are endorsed so that in order to retain their dates of priority, they must be returned on or before September 7, 1967.

Very truly yours,

CHRIS L. WHEELER

August 3, 1966

Mr. Ernest M. Cooke
Rt. 1 Box 772
Sandy, Oregon

Dear Mr. Cooke:

This will acknowledge receipt of your application for a permit to appropriate an unspecified amount of water from a spring for domestic supplies and sketch.

This application can not be filed because the required fee of \$20 was not submitted.

The enclosed spring description sheet must be completed.

Item No. 2 must specify the quantity of water to be appropriated. 0.005 cubic feet of water per second is considered sufficient for one house domestic.

A map prepared on tracing paper or cloth so that it may be easily reproduced is required. It must be to a minimum scale of not less than four inches equal to the mile. The map must show the location of the point of diversion in reference to a government survey corner and correspond to item No. 4 on the application. The map must also show the location of the place of use by quarter-quarter section and correspond to item No. 8 on the application.

A legal description of the property upon which the water will be used must accompany the application. This can be copied from your deed, title insurance policy, or sales contract.

Items No. 11-14 must be completed.

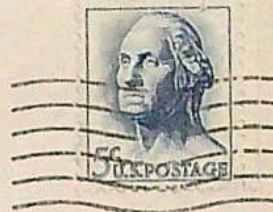

I am returning your application and sketch herewith.

Very truly yours,
CHRIS L. WHEELER
State Engineer

Dear Sir:

Some time ago your office sent us, at our request, copies of the water rights and map of the spring on our property at Brightwood. (Certificates no. 9225 and 10021 and map under certificate no. 10021.

Enclosed you will find our application for water rights of this spring and a map showing location of spring and pipe line to the location of our use of the water.

Yours truly,

Ernest M. Cooke

Description of Property for Water Rights of Ernest M. Cooke

The north half of the north half of Section 22; and the north half of the northwest quarter of Section 23; all in T. 2 S., R. 6 E., of the W. M., in the County of Clackamas and the State of Oregon, EXCEPT: Beginning at a point in the center of the County Road, which is 530 feet West from the southeast corner of the northeast quarter of the northeast quarter of said Section 22; thence North $89^{\circ}45'$ West 1875 feet to a point; thence North $0^{\circ}15'$ East 850 feet to a point in the center of the County Road; thence South $80^{\circ}0'$ East 150 feet; thence North $83^{\circ}0'$ East 650 feet; thence South $70^{\circ}30'$ East 300 feet; thence South $60^{\circ}30'$ East 700 feet; thence South $21^{\circ}30'$ East 200 feet; thence South $13^{\circ}0'$ East 387 feet to the point of beginning. Also EXCEPTING therefrom those tracts of land conveyed to M. Lowell Edwards, et ux, by deeds recorded September 27, 1956, in Book 517, page 3, Deed Records, and April 24, 1956, in Book 510, page 33 Deed Records,

Application No. 43730
Permit No.

Application No. 43730

DESCRIPTION OF SPRING

1. Is spring on property of applicant? yes
2. If not, give name and address of legal owner. _____
3. Have you secured consent of owner to appropriate water from this spring and for construction of pipeline or other works? _____
4. If you do not have such consent, do you expect to secure right of way through condemnation? _____
- X 5. What is the maximum flow from spring? 500
(Gallons per minute or
cubic feet per second)
- X What is the minimum flow? 50 gal per min
- X Is flow measured or estimated? estimated from pipe
6. Does the stream flowing from spring form a well defined natural channel? yes swampy place
7. Does the water flow off the lands on which it first arises? yes
8. Give the name of the stream or other body of water into which water from the spring flows. Sandy River
9. If the water from the spring sinks or evaporates before reaching other water, give distance water flows from spring before vanishing.
700 ft
10. Remarks The water system was installed prior to our possessing the property. There is very little overflow from spring
The only time the spring water reaches Sandy River is after heavy rains, surface runoff

INFO: Mr. Cooke.

Has only been one trailer home on the place.

Water system was put in, in 1920 by Crown 3, a former employee of C.Z. Mr. Cooke the son of the owner. The pipe line is buried & they have traced it but are pretty sure of the the spring we surveyed is the one coming to their property.

County shop & approx 5 other families use the same source.

Tried to examine spring for pipe coming from it but stopped because it started to get muddy up.

SPRING - on a sloping hillside close to power lines. APPROX 3' x 6' Board lined &

covered by metal & plastic.

PIPE - BURIED $1\frac{1}{2}$ " STEEL
