Waglene Upd K2

STATE OF OREGON
COUNTY OF HARNEY
CERTIFICATE OF WATER RIGHT

THIS CERTIFICATE ISSUED TO

BLM No. 09-5576

U.S. Bureau of Land Management
HC 74 - 12533 Hwy 20 W
Hines, Oregon 97738

confirms the right to store the waters of an unnamed stream, a tributary of Catlow Valley, in Old Woman Reservoir, for livestock and wildlife.

The right to store these waters was perfected under Reservoir Permit R-11060. The date of priority is September 28, 1987. The amount of water entitled to be stored each year under this right is not more than 5.0 acre-feet.

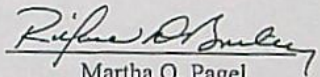

The reservoir is located within:

NW 1/4 NE 1/4
SECTION 3
TOWNSHIP 37 SOUTH, RANGE 32 EAST, W.M.

The storage of water allowed herein is subject to the installation and maintenance of an outlet pipe, or the provision of other means to evacuate water when determined necessary by the Water Resources Director to satisfy prior downstream rights.

The right to the use of the water for the above purpose is restricted to beneficial use at the place of use described.

WITNESS the signature of the Water Resources Director, affixed July 18, 1997.

Martha O. Pagel
Water Resources Director

Recorded in State Record of Water Right Certificates numbered 74759.

STRUCTURAL DETAILS

7. If not in channel of a stream, state how it is filled In Lake bed

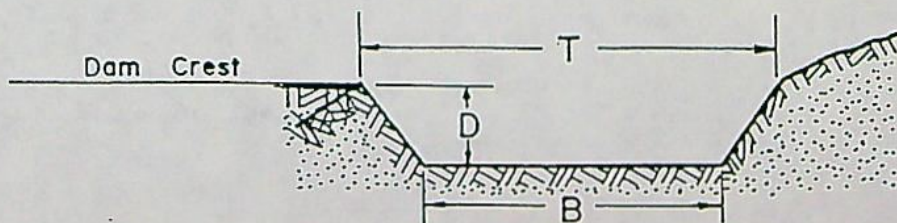

8. The maximum height is 4.0 feet above stream bed or ground surface at the center-line. The top width is 18.0 feet, slope of upstream face 10:1, slope of downstream face 10:1, and height of dam above water line when full 1.0 feet.

9. The dam is (check one) ☒ earthfill, ☐ concrete, ☐ flashboard, ☐ other. If "other," give description: _____

10. Give the location, description, and dimensions of the outlet conduit: None

(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.)

11. Give the location and dimensions of the spillway None
(State whether over or around dam)

The bottom width of the spillway, B, is 0 feet.

The top width of the spillway, T, is 0 feet.

The distance between the crest of the dam and the crest of the spillway, D, is 0 feet.
(Must be at least 2 1/2 feet)

If any other type of spillway, describe and give dimensions:

Natural flow around end of dam.

PERMIT No. R11060

letty 9/1/87

STATE OF OREGON

COUNTY OF HARNEY

PERMIT to CONSTRUCT a RESERVOIR and to STORE for BENEFICIAL USE the PUBLIC WATERS

U.S. BUREAU OF LAND MANAGEMENT
74 SOUTH ALVORD STREET
BURNS, OREGON 97720

503-573-5241

is hereby issued a permit to construct OLD WOMAN (09-5576) RESERVOIR AND STORE WATERS FROM AN UNNAMED TRIBUTARY OF CATLOW VALLEY, for LIVESTOCK AND WILDLIFE. The permit to store these waters is granted under Reservoir Application R-69370 with a date of priority of SEPTEMBER 28, 1987. The amount of water entitled to be stored each year under such right, for the purposes aforesaid, shall not exceed 5.0 ACRE-FEET.

The dam will be located in the:

NW 1/4 NE 1/4, Section 3, T 37 S, R 32 E, WM.

The maximum height will be 4.00 feet above the stream bed or ground surface at the centerline. The top width will be 18.0 feet, slope of upstream face 10:1, slope of downstream face 10:1, and height of dam above water line when full 1.0 foot. The area submerged by the reservoir, when full, will be 3.5 acres and the maximum depth of water will be 1.5 feet.

The area submerged by the reservoir is located in:

1/4 1/4	SECTION	TOWNSHIP	RANGE, WM
NW NE	3	37 S	32 E

The storage of water allowed herein is subject to the installation and maintenance of an outlet pipe, or to provide other means to evacuate water when determined necessary by the Water Resources Director to satisfy prior downstream rights.

Actual construction work shall begin on or before April 18, 1990, and shall be completed on or before October 1, 1991.

This permit is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.

Issued this date, April 18, 1989.

do hereby make application for a permit to construct the Old Woman 09-5576 reservoir
and to store the unappropriated waters of the State of Oregon, subject to existing rights.

1. The name of the stream from which the reservoir is to be filled is Unnamed

tributary to Catlow Valley

2. If not in channel of a stream, state how it is to be filled. In drainage but
not a very distinctive channel. Flat land. Part of
Ancient lakebed

3. The dam will be located in the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 3,
Township 37 S, Range 32 E, W. M. Harney

4. The maximum height will be 4 feet above stream bed or ground surface at the
centerline. The top width will be 18 feet, slope of upstream face 10:1,
slope of downstream face 10:1, and height of dam above water line when full
1 feet.

5. The dam will be (check one) ☒ earthfill, ☐ concrete, ☐ flashboard, ☐ other.

If "other", give description:

Excavated material from reservoir placed into
dam

6. Give the location, description, and dimensions of the outlet conduit: None

(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

Application No. R-69370

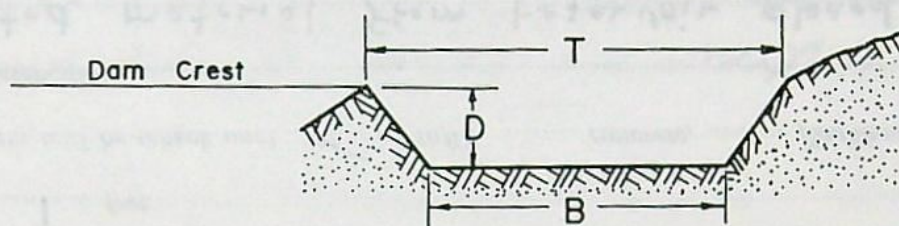

Permit No.

7. The impounded water will be used for Livestock - Wildlife

8. The amount of water to be stored is 5.0 acre feet.

9. The area submerged by the reservoir, when full, will be 3.5 acres,
and the maximum depth of water will be 1.5 feet.

10. Give the location and dimensions of the spillway None
(State whether over or around dam)

The bottom width of the spillway, B, will be NA feet.

The top width of the spillway, T, will be NA feet.

The distance between the crest of the dam and the crest of the spillway, D, will be 1 feet.
(Must be at least 2 1/2 feet)

If any other type of spillway describe and give dimensions:

Natural flow around end of dam which is horseshoe
shaped and 723' long.

11. Construction work will begin on or before 1966 1/1

12. Construction work will be completed and the reservoir filled by 02-27-66

Remarks: Existing Reservoir. Almost a Pit Type
Waterhole. Dam holds the water or it would
drain away.

Permit No.

**Permit to Construct a Reservoir
and Store for Beneficial Use the Public Waters
of the State of Oregon**

This is to certify that I have examined the foregoing application and do hereby grant the same subject to the following limitations and conditions. The right herein granted is limited to the construction of

Old Woman 09-5576 Reservoir and storage of water from
a tributary to Cotton Valley
an unnamed stream for livestock and wildlife

State Class

The right hereunder shall be limited to the storage of 5.0 acre feet.

The priority date of this permit is September 28, 1987

(Res
compl.)

Actual construction work shall begin on or before and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19.....

WITNESS my hand this day of, 19.....

Water Resources Director

Water Resources Department

3850 PORTLAND ROAD NE, SALEM, OREGON 97310

REFERENCE: Files R-69364, R-69365, R-69370, R-69371 and R-69384

ENCLOSED: Permits R-11058 - R-11061 and R-11063

PLEASE READ THE FOLLOWING INSTRUCTIONS CAREFULLY

Your permit has been recorded in this office, but you should hold the original permit as evidence of your water right. If the land is sold, an assignment to the new owner must be recorded in this office. Assignment blanks will be furnished upon request.

The permit fixes time limits for beginning of construction, completion of construction and complete application of water to beneficial use. The law requires that you begin actual construction within one year from the date of issuance of the permit or your right will be lost. The Water Resources Director is authorized to extend the time for completion of construction and for complete application of water upon proper showing, but has no authority to extend the time limit for beginning of construction.

Forms A, B and C may be attached for submitting (A) Notice of Beginning of Construction, (B) Notice of Completion of Construction and (C) Notice of Complete Application of Water. If your application has stated that construction has already been started, or that construction work is completed, or that complete application of water has been made, only the required forms will be attached.

If your project will require only a portable pumping plant and pipelines, the acquisition of such equipment will be considered construction.

When complete application of water has been made, Form C should be submitted as the first step in proof of appropriation. When proof satisfactory to the Water Resources Director has been made, the right will be confirmed by issuance of a certificate. The certificate will limit the right to the extent that water has been applied to beneficial use in accordance with the terms of the permit.

The late summer flow in nearly all streams is required to satisfy existing rights. Your permit grants a right to use water only when there is a surplus in the source involved over and above that required to satisfy prior rights.

Sincerely,

William H. Young
