Gentlemen:

The only right of record for the area described in your letter dated April 1, 1964, is that described in the certificate recorded at page 9305, Volume 9, State Record of Water Right Certificates. This certificate was issued to Carl J. Ollgard describing the appropriation of 0.1 cubic foot per second from Twin Springs in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 35 for stock use in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 26, Township 35 South, Range 32 3/4 East, W. M. The priority date of this right is June 25, 1915.

State Engineer
Salem, Oregon

Dear Sir:

This is a request for information as to whether an application for a water right permit has been made and whether a certificate of water rights has been issued affecting water derived from springs and flowing in the following described area of the State of Oregon

Township 35 South, Range 32 - 3/4 East

Section 34: SE 1/4, E 1/2 NE 1/4

Section 27: SE 1/4 SE 1/4

Section 26: S 1/2

Section 35: N 1/2 N 1/2, SW 1/4 NW 1/4, SE 1/4 NE 1/4

We are informed that the owner of this land is Mrs. Nellie Sherman and any application or certificate would probably be in her name.

Should you require any further information in order to advise us of any outstanding water rights in this area, please do not hesitate to contact the undersigned. Thank you very much for your courtesy in this matter.

Very truly yours,

Kenneth M. Judd

April 24, 1931.

Mr. J. J. Walsh,
Watermaster,
Burns, Oregon.

Dear Sir:

Since writing you on May 12, 1930, referring to the final proof in connection with Permit No. 2332 in the name of Carl J. Ollgard, we apparently have received no reply. The permit in question is for use of 0.35 second-foot of water from Twin Spring for irrigation of 20 acres and stock water. As stated in my letter of May 12, 1930, it is our understanding that Mr. Ollgard has not done any irrigating and wishes to have his right confirmed for stock purposes only.

We will appreciate your report concerning this proof at your early convenience.

Very truly yours

CHAS. E. STRICKLIN
State Engineer

Dear Sir:

Carl J. Ollgard has submitted to us his final proof under Permit No. 2532 for use of water from Twin Springs for stock purposes. The permit originally covered irrigation of 20 acres, but it is our understanding that he has not done any irrigating and wishes to have his right confirmed for stock purposes only.

Mr. Ollgard has submitted the \$1.00 certificate recording fee so all that is necessary will be for you to attach your report and recommendation to the proof and return it to this office.

Yours very truly,

Dear Sir:

After receipt of your letter dated February 21, 1930, I wrote to J. J. Walsh, watermaster at Burns, Oregon with reference to the final proof to be made under your Permit No. 2532. I have received a letter from Mr. Walsh dated April 5th in which he states that the final proof blank was sent to you by your attorney, Mr. Von Schmaltz with a request that your affidavit be executed and the proof blank returned to Mr. Walsh. It seems however that Mr. Walsh has not been able to get in touch with you and have this affidavit executed.

If you did not receive the final proof blank, you are requested to advise us immediately and a new one will be prepared and sent to you for execution. It may then be transmitted to Mr. Walsh for his report and recommendation.

Dear Sir: Attention of Mr. L. A. Stanley

Re Mr. Carl J. Ollgard's final proof, Permit No. 2532. At the last term of court held here I seen Mr Ollgard and received the necessary information to fill in the report, as I understood all he wanted was stock water, we were to meet again and Ollgard to have his witnesses, owing to some misunderstanding over an appointment we didn't get to gether again and Mr. Ollgard left for California. I took the matter up with Mr Von Schmaltz his attorney and he forwarded the papers the following week to Mr. Ollgard in California, but to date hasn't received any acknowledgement of thier receipt. After receiving your letter of the 24th of February, I again seen Mr. Schmaltz, who wrote to Mr. Ollgard, but to date hasn't received any reply.

From what I am able to learn from Mr. Schmaltz, Ollgard keeps changing his address for some reason, and he doesn't want his where-a-bouts known. If I have delayed answering your letter, it has been in making an effort to locate Mr. Ollgard and find out where the permit has gone, as mentioned above, the permit was given to Mr. Schmaltz, with instructions to have Ollgard and his witnesses sign and return to me.

Very truly yours,

J. J. Walsh

J. J. Walsh,

LAS:HB

February 24, 1930.

Mr. J. J. Walsh,
Watermaster,
Burns, Oregon.

Dear Mr. Walsh:

We have received another letter from C. S. Ollgard inquiring about the final proof under Permit No. 2532 in the name of Carl J. Ollgard. I last wrote to you concerning this proof on November 25, 1929 and apparently have not received a reply.

Mr. Ollgard now requests that we send him the final proof blank for execution in California and then allow him to send it to Burns for the affidavit of witnesses. The witness affidavit will not be necessary if your report and recommendations are attached so it would seem that in view of the fact that you have the proof in your office, you should simply make your report as early as convenient and then send the proof to him for execution of his affidavit.

Please let me hear from you promptly so I may reply to Mr. Ollgard's letter..

SALEM, OREGON

Dear Sir, My son Carl J. O has requested me to write
to you again in re to his appl for min no 2532.

As for your advice we appeared with our witnesses in
Court during Oct term of Court 1929. We made every
effort to get the papers filled and thus get our two permits
There in court he fully explained all to you.

We wish to enquire if it would not be possible
for you to mail us final proof papers for us to sign
here and then re mail them to our witnesses in Horning Co.
to sign and mail to you.

We are anxious to do our part.

Strong as it seems we made final proof several
years ago and had quite forgotten the matter when you
wrote me about it under date of Aug 3 1929.

Awaiting your kind attention.

I am, yours truly

C. S. Oldgard

Turlock Calif
505 W Main St

November 25, 1929.

Mr. J. J. Walsh,
Watermaster,
Burns, Oregon.

Dear Mr. Walsh:

I have a letter from Carl J. Ollgard with reference to his Application No. 4346, Permit No. 2532. You will recall that a blank for making final proof under this permit was sent to you on September 12th in the hope that the matter could be completed when Mr. Ollgard was in Burns later in the month.

Mr. Ollgard states that you were unsuccessful in getting together in the matter of making this proof. It is apparent that the appropriation is completed to the full extent of his present plans and that he has abandoned his idea of irrigation. He states in his letter that he will wish to make his proof for stock and domestic purposes only.

Under the circumstances it may be that you may endorse your report and recommendation on the proof and then if it is proper for him to make proof, send it to him for his affidavit. His address is given as 505 West Main St., Turlock, California.

Yours very truly,

J. Allegard
Salem Ore.
17 months.

Dear Sir: Ref. to your letter dated Sept 20th with note saying that we called upon Mr J. J. Walsh a couple of days after we arrived in Burns, or about Sept 30th. After several calls, Mr W. called and talked matters over, at our stopping place, (Cento camp)

It was agreed that final papers would be left at the office of Mr H. V. Schmale. During our stay in Burns, nearly a month nothing came of this, no papers were left there for us to act on. I again made calls on Mr W. at his home, several times, but he did not find him again, yet my calls were many.

Sorry that we couldn't finish this water proof then as we had so many chances for witnesses while we were in session.

I wish to state that we would make final proof on domestic and stock water only. There has not for the past several years been sufficient water flowing for any sort of irrigation.

We made final proof several years ago, and the late Mr Foley then water master had seen the land & passed favorable an app't. Have no idea as to what became of these papers.

Yours truly
J. Allegard

September 12, 1929.

Mr. Carl J. Ollgard,
Santa Margarita, California.

Dear Sir:

I have your recent letter in which you state that you will be in Burns, Oregon during the Court session during the first week in October and that you would like to make your final proof under Permit No. 2532 at that time.

I am sending to J. J. Walsh our watermaster at Burns the blank for making final proof under this permit. He is being requested to make inspection if he can find it convenient before that time and to assist you in executing the proof while you are there. You are requested to call upon Mr. Walsh and I am sure you will find him anxious to help you with your proof so that the right may be confirmed by issuance of a certificate.

Sendel for 30 days

September 12, 1923.

Mr. J. J. Walsh,
Watermaster,
Burns, Oregon.

Dear Mr. Walsh:

I am enclosing a blank for use in making final proof under Permit No. 2532 in the name of Carl J. Ollgard. This appropriation has apparently been completed for a number of years and the first blank for making final proof was sent out in 1922. It seems that this blank was never submitted however and several attempts to get in touch with Mr. Ollgard and have the proof submitted have resulted in failure.

We have a letter from the permittee written from Santa Margarita, California in which he states that he will be in Burns during the Court Session during the first week in October. It may be that you can make the inspection before that time but if it not convenient you may see Mr. Ollgard and have the proof executed and make your inspection at some later date. You should collect from him the \$1.00 certificate recording fee.

Dear Sir:

I have your letter of September 4th relative to the change in the place of use of the water under permit number 2532 in the name of Carl J. Ollgard. I would suggest that you set forth the land to which you wish to apply the water in your answer to question seven of the final proof of appropriation under this permit,--your letter of the 4th will then be filed in connection with the proof of appropriation and this will give us the necessary basis on which to make the change in the description of the land.

I trust that you will be able to complete this proof and file the same at an early date.

Yours very truly,

Rhea Luper,
State Engineer.

RWP:H

Amherst Ore. Sept 4/23.

Mr Percy H. Cooper.
State Engineer.
Salem Ore.

Dear Sir. My son Carl J. Ollgaard who has ^{2532.} permit no 2532 request
me to write you and ask for the following change. That he may
irrigate the 20 acres attached in N 2 4. N 2 4. Sec 35, Tp 35, R 32 3/4.
instead of in Sec 26. As you will observe the water, & ditches pass
through the N 2 4. N 2 4 mentioned first. Several years of experience
has proven to me that this arrangement, & change would be
best possible considering the necessity of water. He has had the
final proof papers for sometime delayed filling in & acknowledging
them before a notary, because notaries are not easy to find
hereabouts. One may travel 50 miles to the nearest one and
find him, or her gone elsewhere, repeat the same again and
again. For my son will say that he would be very thankful
to you, if you will allow this change.

P.H.

This change can be made without

your truly

C. J. Ollgaard

For Carl J. Ollgaard.

that they may change in ditches dams &c.

will leave everything as it is now

ready for final proof. In fact the

work must be done over each season

because the field is used for pasture

and at end of season but little left

of ditches.

March 29th, 1922.

Mr. Carl J. Ollgard,
Andrews,
Oregon.

Dear Sir:

Permit No. 2532.

Blank for proof of appropriation of water under your permit No. 2532 has been forwarded to Mr. J. C. Foley, Water Master for your district, who will make an inspection and assist in filling out the proof at an early date.

When the proof has been properly filled out and executed, it should be returned to this office, together with \$1.00 to cover recording fee for certificate of water right, and upon receipt of same, the matter will be presented to the Board for approval and issuance of certificate.

Yours very truly,

R.

Gentlemen: Herewith enclosed please find notices from B and C.
The delay in putting up on this water app. has not been so much on
account of the necessary work, as that it was not very much. It was largely
delayed because we felt uncertain as to whether we would be
much benefited by so doing. Trusting that these papers are properly
filed.

I am, yours truly
Carl J. Olgard
J. O. O.

September 14th, 1921.

Mr. C. G. Ollgard,
Andrews,
Oregon.

Dear Sir:

Permit No. 2532.

Replying to your letter of August 29th with reference to the water right under permit No. 2532, by Carl J. Ollgard, our records show that this permit covers the appropriation of 0.35 second foot from Twin Springs for the irrigation of 20 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 26, Township 35 South, Range 32 $\frac{1}{2}$ East, and for stock water.

The Notice of Beginning has been filed and an extension of time was granted until June 1st, 1919, within which to complete construction and until October 1st, 1919, within which to apply the water. Therefore, upon receipt of notices showing that the construction work was completed prior to June 1st, 1919, and the land irrigated prior to October 1st, 1919, we will prepare and forward final proof blanks for execution.

I am enclosing blanks upon which the Notices may be submitted, in case the other blanks have been lost.

Very respectfully,

Percy A. Cupper,
State Engineer.

Gentlemen: On behalf of my son who holds permit no 2532.
App' no 4346. I wish to inquire about making final proof. I
have in the past had some correspondence with ^{you} about that, but
we have postponed the matter from time to time being somewhat in
doubt as to whether really anything would be gained by making proof
on sec 7 covering an adj 40 acres which in reality controls the water.
We have come to the conclusion that we will make final proof.
Will you kindly give me a little advice as to how I should, have
had several extensions allowed but perhaps the last one has expired.
We are most interested in protecting the streambedding private
irrigation at that elevation is of but little consequence.
Thanking you for a reply.

Yours Truly
C. S. Allgood.

For Carl J. Allgood.

August 19th, 1920.

Mr. Carl J. Ollgard,
Andrews,
Oregon.

Dear Sir:

Permit No. 2532.

Replying to your letter of August 16th, I note that construction work has been done under your permit No. 2532, and the water applied to the proposed use, and you were waiting until you had proved up on your Desert Entry before submitting final proof.

Upon receipt of the Notice of Complete Application of Water, we will be glad to prepare and forward final proof blanks for execution under your permit.

Very respectfully,

Percy A. Cupper,
State Engineer.

Salem Ore.

Gentlemen: I have had expectations granted me once or twice in Permit No 2532. The work which was not very much has long since been done and I am ready and have been for sometime to submit final proof. My only reason for delay now is that I am about to make final proof to the gov't for the land involved and would much prefer to get title to this land before completing my title to the water. There is always a possibility that one may fail in land final proof. I shall make such proof inside of a month now and trust you will allow me this additional time, for the most I could not loose anything in the water matter because we own the land which really commands the water and this land passed from the government 50 yrs ago nearly.

Yours truly
Carl J. Bergard

December 1st, 1919.

Mr. Carl J. Ollgard,
Andrews,
Oregon.

Permit No. 2532.

Dear Sir:

I am in receipt of your letter of recent date, and note that you will submit final proof under your permit No. 2532 within a short time. Your permit No. 2532 covers the appropriation of water from Twin Springs for the irrigation of 20 acres of land in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 26, and for stock water.

It will be impossible to transfer this water right to land in another quarter than that covered by the permit, but you can, of course, submit final proof covering the use of water for stock purposes.

Trusting you will find this satisfactory, I remain,

Very respectfully,

Percy A. Copper,
State Engineer.

Gentlemen: I have completed the work
on my Permit No 2532 but owing to lack
of help and this being the haying season
cannot myself go around to filling out
papers for article yet. If possible allow
me a letter ^{copy} for this and I will as soon
as we get through with our work complete
and mail you papers.

Yours truly
Earl J. Ellgund

Dear Sir - Postal for Carl J. Ollgaard rec'd.
He is, and has been away on the range for long
time, as present is somewhat hot here and
Numerous Mr. Smith - band of beef cattle.
As soon as he returns home will take further
steps. Doubtless you will understand that help
is scarce here as everywhere else which we get
his share from home. Would it not be possible
for you to replace his time limit ~~over~~ conditions
effects as here very much.

Yours truly

C. Ollgaard

See to Permit No 2532.

Application No. 4346.

July 19, 1918.

Mr. Carl J. Ollgard,
Andrews, Oregon.

Dear Sir:

In reply to your letter of the 15th instant in regard to your water right under application No. 4346, permit No. 2532, it would appear that you desire to abandon your water right under this permit for the irrigation of 20 acres in the SE SE Sec. 26, T. 35 S. R. 32-3/4 East, but wish still to retain your right for stock use of water under this permit. If such is the case, I would suggest that you fill out the notice of completion of construction work setting forth this fact and show that no further work is necessary for this use of water, and if the water has been completely applied to stock use, the notice of complete application of water may also be filed. Upon the receipt of the notice of complete application of water final proof blanks will be prepared and forwarded you for execution.

I note that you have purchased the NE NE Sec. 35, T. 35 S. R. 32-3/4 E., and desire to irrigate the same from this source of water supply. If this land has not already a water right for irrigation purposes initiated prior to February 24, 1909, in order to protect your rights to this use of water on this tract a new permit should be secured. You will note that your permit No. 2532 did not cover the irrigation of any land within the NE NE Sec. 35 and it will be impossible to transfer the water right unless the water was first used upon the SE SE Sec. 26 and can now no longer be beneficially or economically used thereon. I am enclosing application blanks and a copy of instructions for your use in case you desire to make a filing.

Trusting this will give you the desired information,
I am,

Very respectfully,

John H. Lewis,

Gentlemen: Answering your card in re Permit No 2532.
I have practically completed work on this permit. except
plowing and a few furrows. Altogether there is but little
to do but on account of being in a hospital all last summer
and the difficulty getting a plow into this inaccessible
place I would ask you to kindly allow me an extension
of time and I shall endeavor to complete the work before
closing of season

Yours respectfully

SALEM, OREGON

Andrews Ore July 15/18.

Mr John H. Lewis.
Salem Ore.

Dear Sir - I recd your postal sometime ago. in re to permit me 232 (2532). We have recently bought the N & W. Sec 35, Tps 35, R 32nd W. This enables us to use the water to much better advantage than planned in my application. The water in question spreads almost naturally on meadow within about described 40 acres. I propose to leave it there and merely let it pass on to rec'd to its natural channel and there use it for stock raising purposes. Under this plan there is no work to do, merely irrigate in season. Possibly plow and a few furrows on meadow that would be all.

I should like to complete my title to the water allowed in my permit by making the change as outlined above
yours truly
Carl J. Ellgard

Dear Sir: Herewith inclosed check for \$5⁰⁰ being the am't
you mention in recent letter required with app' no 4346 to
come fee for statement included in above application. Am
also inclosing one map which I trust will be sufficient. I
noticed printed instructions you sent me call for two maps
on tracing linen &c. It would be almost impossible for me
without long delay to comply with this requirement. Material
with which to do this work not to be had any where near here
nor a competent party to do the work.

Yours truly
Carl J. Allgand

Dear Sir:

Enclosed please find my official receipt No. 3517 for \$6.00, which amount was transmitted with your letter of the 19th instant together with your application for permit to appropriate water. This application has been numbered 4346 and placed on file in this office.

I note that your application is for the irrigation of 20 acres of land and for stock water. An additional fee of \$5.00 will be required for the use of water for stock. However, if this use can be eliminated, the fees on hand will be sufficient.

I will call your attention to the fact that maps should be furnished with all applications as per the enclosed copy of instructions. Upon receipt of the required maps, the application will be taken up for approval.

Very respectfully,

Percy A. Cupper,

Acting State Engineer.
