RE: SWR-324 R.H. and Elizabeth Mast

Dear Mr Wobbe,

I am in the process of reviewing the surface water registration files and I find that I need more information from you in regards to the Mast claim. They have shown stockwater as the beneficial use on their form. You have shown two springs and three streams for stockwater on your map supporting the claim. I need to know about the diversion points. What structures, size and type, divert the water? Are there pipes and water troughs, what sizes? I need you to send a short report.

If you have any questions, please give me a call.

Sincerely,

Don Knauer
