RE: File# SWR-334

DEAR ROBERT E. FINDORFF,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Don L. Jackson. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

place of use ($\frac{1}{4}$ $\frac{1}{4}$)

ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You must show the 1/16th lines.

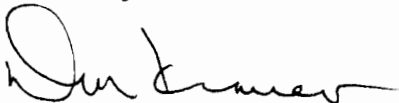

paper

OAR 690-14-170-1 "...in ink on permanent-quality linen or 0.003-inch mylar..."

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

To whom it may concern:
my name is Pearl Lunny. I remember
the schoolhouse at the upper end of
Scotts Valley. It was there in
1906; I remember they got water
from a spring up in back of the
school. I also remember the
Parks and Sehlin children going
to school there when Mr. Henry
Parks taught school.

I am aware that this is four
years later than 1902 (the date I
am claiming) but I thought it
might give this a little more
clout.

To Whom it may Concern:

I, Freda Jo Long, was told by Bessie Uroman, many times, that she started to school in the late 1890's in the old school house. This school was destroyed by fire. Mr Parks then purchased the property in 1902 and built a new school and she also went to school in the new school house. The water supply came from a spring on the south side of this property and is still in use to this day. This property is listed (Township 22, Range 04, Section 33, Lot 500)

tax lot 500)

I Don L. Jackson having
been born and raised in Scotts
Valley and having known many
of its residents for over 35 years,
who have related its history to me,
believe that the water use on this
property was initiated on or before
6/5/1902 and has continued to
present day.

I, Don Jackson, was told by my grandmother, Ella A. Damon, that there was a schoolhouse on the property (Township 22,5 Range 04, Section 33, Tax Lot 500) before M.R. Parks purchased it on June 05, 1902. She also said that the water supply was from the spring just to the south of the property.

I was also told by Eddie Sehlin (a man that went to school in the schoolhouse that Mr. Parks built) that there was a school on the property that burnt down before Mr. Parks built the schoolhouse that is currently located on the property. Mr. Parks built the current structure shortly after he purchased the property on June 05, 1902.
