re: SWR-336

Dear Mr Newbegin,

I am in the process of reviewing the maps submitted in support of the claims to pre-1909 vested water rights. I find that the map you submitted does not meet the statutory requirements. I am sending copies of the letters I have sent to Thom Warren, CWRE. I spoke with Mr Warren this morning, he said he wasn't going to do anything until he heard from you. I have sent the copies of the map requirements to Mr Warren so he knows what is required. I can not process your claim until the required is received. If you have any questions, please give me a call.

Sincerely,

RE: SWR Claim #336

Dear Don or Dwight;
This is to inform you of the status of Mr. Wade Newbegin's use of the spring he has filed SWR #336 for. I have personally reviewed my final proof survey report and final proof survey of Permit #58669 for Mr. Newbegin which took place on 8/26/87. This permit includes the use of said spring for domestic for 2 homes, irrigation, and stockwater. I did not personally draw the map but it correctly shows the location of said spring as surveyed by me on that date. The report also reflects the use as stated in the report, and the spring has been exercised as backup domestic in both homes several times since my visit in '87. If you need any further information or supporting data for Mr. Newbegin's claim, I will be glad to furnish what you need.

Sincerely, *Thom Warren*

Dear Mr. Garner

Please find attached a check
for \$200⁰⁰ AND the last correspondence
with your office. I was told by
your office that previous payments
for water rights would count
toward the total. Let me know if
I owe any more or if you owe me.
I can't remember how much has
already been paid on the water right
for this spring but its over \$100⁰⁰
for sure.

You can reach me at 641-1865
8-5 - Mon - Fri or leave a
message on my recorder 658-2876(H)
if you need any additional info.

Thanks,

Wade Newbegin

Dear Mr. Newbegin;

In April 1990, you advised the Department that you wanted to cancel that part of the water right from the Clackamas River as evidenced by certificate 15495 that conflicted with your permit 45852 which involves a stream, pond, and a spring.

Our work load has not allowed us to process cancellations timely. I apologize for this 2 year delay.

Enclosed is an affidavit, partially completed, to request cancellation of the portion in conflict. Complete the affidavit with the owner or owners names, date and sign before an Oregon Notary and return it to this office.

Upon receipt of the completed affidavit, we will issue the certificates for the pond, stream and spring under permit.

If you have questions, call me or Larry Nunn.

Sincerely,

Vestal R. Garner,
Water Right Specialist
