RE: SWR-338

Dear Mr Smithers,

This will acknowledge the receipt of map to support the pre-1909 vested water right claim in the name of RICHARD J LILES you returned with corrections and completions. I have added the map to the file. Thank you for your attention to this matter. If you have any questions, please give me a call.

Sincerely,

Don Knauer  
Adjudication Specialist

PO BOX 545  
NORTH BEND OR 97459

RE: File# SWR-338

DEAR GARY T. SMITHER,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Richard J. Liles. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

place of use (1/4 1/4)

ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You must show 1/16 lines.

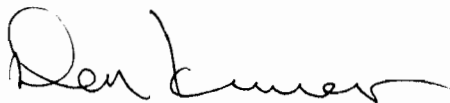

diversion point size

OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems." You must show what is diverting the water for both div pt 1 and div pt 2.

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer  
Adjudication Specialist

RE: Surface Water Registration Map

Dear MR SMITHERS,

RICHARD LILES has indicated to the Oregon Water Resources Department (WRD) that you have been hired to prepare the claim of beneficial use map for their Surface Water Registration Statement. Would you please inform me of your anticipated schedule of map preparation and submission to the WRD.

Please mark all correspondence related to this claim with the file number SWR-338.

Sincerely,

Don Knauer  
Adjudication Specialist

March 10, 1993

RICHARD J LILES  
1645 W CATCHING SL RD  
COOS BAY OR 97420

Dear MR LILES,

This will acknowledge that your Surface Water Registration Statement in the name of RICHARD J LILES has been received by our office. The fees in the amount of \$200.00 have been received and our receipt #95673 is enclosed. Your registration statement has been numbered SWR-338.

The map you submitted with your claim is not acceptable. ORS 539.240 (2) (d) requires the map be prepared by a Certified Water Right Examiner (CWRE). Within 60 days of this letter you must send a letter to this address indicating you have contracted with a CWRE to prepare your map. You should send your letter to my attention. In your letter you must identify the name of the CWRE who will prepare your registration statement map. We will contact the CWRE to arrange a map submittal deadline.

We will not be able to process your claim until we have received your map. If you have any questions regarding this process, please do not hesitate to give me a call.

Please feel free to contact this office if you have any questions.

Sincerely,

Don Knauer  
Adjudication Specialist

December 18, 1992

To Whom it may Concern:

I, George Ross, Jr., was born in Marshfield (now Coos Bay) July 29, 1905 and was raised on my father's dairy farm on Catching Inlet and Ross Slough.

My earliest memories are of the milk boat with its deck lined with milk cans from the dairies on Catching Inlet stopping at our wharf to pick up the milk. Its destination was the Coos Bay Creamery on the other side of Bull Island in the old Coos River channel.

The creamery was built in 1892, my grandfather, Frank Ross, being one of the founders. When my parents, George Ross and Lucy Black were married in 1899, Frank Ross gave them the farm and a herd of dairy cows. I have positive knowledge that from that time to the present the dairy has continued uninterrupted. It included more land in 1899, running from what is now Azalea Acres on Catching Inlet down to Ross Inlet and up Ross Inlet including Boekeloos, Evans, Atkins, and Dr. Levy's.

In 1900 my father sold the land straight across from us to John Collver. Ida Matson used to tell the story when I was less than two years old, looking across the slough and saying, "John Collver's cows are sitting down. This land was later sold to Albert Collver, Everett Messerle's grandfather, and has been in Messerle ownership ever since as a dairy until the barn burned down and as a beef ranch since that time.

The portion that my son Gordon dairies now was divided into five fields. Four of them had watering troughs fed from springs along the foothill, while in the pasture next to Ross Inlet, the cows had to drink out of the slough. I remember this from my early memories of going after the cows with my father and later on my pony.

My early associations with Gordon Collver, my same age, across on Stock Slough, of fishing up Collver Creek (Stock Slough) afforded me the knowledge that the Collvers had dairied there for many years and that livestock has continued until this day on all the bottom lands on Stock Slough on lands now owned by John Stalcup, John Dubisar, Foster McSwain, Messerle's, Dan Scoville, Lou Ann and John Rode, Mel Burnette, Gordon Ross, John Szymik, and Chet Fors, and have dairied and ran stock on every acre of it at one time myself.

My grandfather, Henry Black, milked cows on a farm halfway to Sumner now owned by Bill Cole and the Messerle farm, called the Anchor Ranch, was four separate dairies in the early years. On to Sumner from Henry Blacks we could go by wagon to the Byers Ranch. Uncle Frank Black married Alice Byers. This farm is still in dairying being owned now by V. J. Willis. The Messerle farm in Sumner was at that time owned by Capt. Harris. Mrs Harris had her own cheese plant, and in 1902 exhibited the Grand Champion Cheese at the Chicago Expedition.

I can attest that all of the ownerships I have specifically mentioned have been in livestock production continuously from my earliest memories until this day, and that I can say with equal certainty that any bottom land on Ross Inlet, Catching Inlet, Stock Slough, or Sumner has supported livestock from the time it was cleared and drained until the present with the exception of a few annual crops for a season at a time.

George F. Ross, Jr.

George F. Ross, Jr.

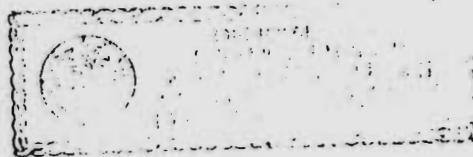

Subscribed and sworn to before me this 16<sup>th</sup> day of

December, 1912.
