Dear Mr. Auxier,

Your fish screen was inspected on 01/30/2025. In reference to water right transfer file number T-11271 this letter confirms that a National Marine Fisheries Service criteria fish screen as approved by ODFW is located on the property near GPS coordinates: 44.4652, -119.501.

In regard to the inspection of the fish screen located on the John Day River, the following has been determined:

1. The screen located at coordinates 44.4652, -119.501 is a Sure-Flo SCS4 pump screen.
2. This screen is approved for water use up to 400 GPM or 0.89 CFS.
3. All screen and pump configurations meet National Marine Fisheries Service criteria at the time of inspection, any changes or modifications to the configurations will not be covered by this certification letter.
4. This screen is an end of pipe screen; therefore, no by-pass is required.

Please contact me if you have any questions regarding this letter.

Sincerely,

Nathaniel Ashley
