PERMIT No. 17013

21663

January 19, 1956

Mr. Marvin Spores
Route 1,
Springfield, Oregon

Dear Mr. Spores:

We are enclosing herewith for completion, final proof in connection with the incomplete water right represented by your Permit No. 17013 granting a right to the use of 0.38 cfs of the waters of Mohawk River for the irrigation of 30 acres.

The data contained in the proof, which is based on an inspection and survey of your project made by a representative of this department, defines the extent to which your water right has been completed within the terms of your Permit. The proof should be dated and signed by you on the second sheet under the Affidavit of Appropriator and returned to this office.

Upon receipt of the proof, properly executed and accompanied by the statutory fee of \$1, a Certificate of Water Right will be issued confirming the rights thereunder and, after being recorded in the records of Lane County, will be forwarded to you.

In the interest of economy and due to the fact that your completed project was examined by a representative of this department, it is not necessary that your signature be made before a Notary Public, nor that the signatures of witnesses be affixed to the proof.

Application for Extension of Time

To the State Engineer of Oregon:

I, Marvin Spores, of Springfield,
state of Oregon, am the owner and holder of Permit No. 17013, to
appropriate the public waters of the state of Oregon.

Under the terms and conditions of said permit, construction work is required to be completed on or
before Oct. 1, 1948, 19____, and complete application of water is required to be
made on or before Oct. 1, 1949.

I have heretofore done the following work described under said permit:

There is
about 18 acre of the land for which water
was applied for that is cleared.

costing \$1,000-, and I estimate the cost of completion to be \$800 to \$1,000

I have heretofore used water under said permit to the following extent:

To irrigate
peppermint and pasture

I am unable to { complete construction work
~~make complete application of water~~ } within the required time, for the following
(Strike out phrase not applicable)

reasons, to wit: Lack of funds to hire a dozer
to clear land of brush and do some

Dear Mr. Spores:

This will acknowledge receipt of your letter of February 8, relative to your Permit No. 17013.

As I interpret your letter, I believe that you should file an application for an extension of time in which to complete the project covered by your permit, because the State Engineer is authorized by law to extend the time for completion under a permit upon a showing of due diligence by the permittee.

Your application for an extension should be executed before a notary public on the enclosed form and mailed to this office with the statutory \$2.00 filing fee.

C. L. A., the State Engineer may, after 60 days' notice by registered mail, order the cancellation of such permit, ***."

If you have complied with the terms of this permit, you should promptly submit the notice of complete application of water after which we will take up with you the matter of final proof. If, however, you have abandoned your plan of development, we would appreciate your authority to cancel the permit, so that the permit may be cancelled without the necessity for following the legal procedure. In case you have not completed your appropriation, although you still wish to do so, you may submit an application for an extension of time. Such an extension may be granted if it appears that proper diligence has been shown.
