SUBJECT: SWR-314 CWRE

I am attaching a copy of the letter set by claimant Lee Kelly which indicates he has hired Eline Hoekstra to prepare the map supporting his claim. Since Eline is a Water Resources Department employee, is there any reason we cannot accept the map? Should this be handled any differently than any other CWRE map?

RE: Surface Water Registration Statement

To Whom it May Concern:

Enclosed you will find my application for a Pre-1909 Vested Water Right Claim. I have included my completed Water Registration Statement and my filing fee in the amount of \$30.

Mrs. Eline Hoekstra, Certified Water Right Examiner, is preparing our map and she will send it soon to complete our application, along with a tax map.

When I bought this property in 1962, I was assured that I had water rights, although I have no written proof. I was told by the previous owner, Mrs. Bernice Pryor, that Beaver Creek, which borders the property, was the traditional water source, and that it had been in use since 1879.

If you require any further information, please do not hesitate to contact me. Thank you for your time and effort on my behalf.

Sincerely yours,

Lee Kelly
