INTEROFFICE MEMO

May 11, 1994

TO: WATER RIGHT EXAMINERS

FROM: DON KNAUER

SUBJECT: PRE-1909 VESTED WATER RIGHT CLAIM MAPS

Alright you guys, this is a test, DO YOU KNOW WHAT TIME IT IS? The answer is, it's time to get the maps, reports, answers, mylars and all that kind of stuff back to the Water Resources Department. There's talk around the office of putting together a "map-patrol" with a tough leader to travel around and retrieve the required documents.

You may remember, I reviewed maps for compliance with Oregon Revised Statutes and Oregon Administrative Rules submitted to support pre-1909 vested water right claims. For the past few months and up to a year ago I have returned maps, requested mylars, asked for clarification, and asked for reports. Some of these files are getting stale.

It is very important that you give me something, preferably the map, mylar, report, etc. but at minimum you must give me a submittal date. The review of the files cannot be completed without the map, report, etc. It is a deterrent to the claimant, your client, for this issue to go unresolved.

If you need copies of anything in the files, just let me know. I have hand written below the file numbers of those I returned to you. The toll free number is 1-800-624-3199.

Dear MR & MRS BARKLOW,

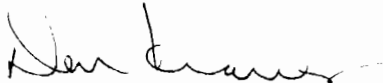

You failed to submit enough fees with your Surface Water Registration Statement as required under ORS 539.081.

You sent \$200.00 and your receipt #95773 is enclosed. You should have sent a total of \$400.00. The amount now due is \$200.00. Your claim will not be processed until these remaining fees are received. Your claim has been numbered SWR-360.

The map you submitted with your claim is not acceptable. ORS 539.240 (2) (d) requires the map be prepared by a Certified Water Right Examiner (CWRE). Within 60 days of this letter you must send a letter to this address indicating you have contracted with a CWRE to prepare your map. You should send your letter to my attention. In your letter you must identify the name of the CWRE who will prepare your registration statement map. We will contact the CWRE to arrange a map submittal deadline.

We will not be able to process your claim until we have received your map. If you have any questions regarding this process, please do not hesitate to call.

Sincerely,

Don Knauer

Dear Mr. Don Knauer

In response to your communication of March 17, 1993 - SWR-360.

I spoke to Mr. Dwight French on the telephone 4-5-93 and he explained about the two different water resources, domestic and stock. I need to eliminate the word stock from our application for water registration.

I have contacted Ralph Swinehart (CWRE) and he will prepare a map.
