Reference: Application R-88774, Permit R-15403

The assignment from Chris Horton and Joan Horton to Lyle C. Horton has been recorded in the records of the Water Resources Department.

The Departments records will now show Lyle C. Horton as the permit holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 145976 covering the recording fee is also enclosed.

A permit is not a perfected water right and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by February 10, 2025, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). A Claim of Beneficial Use was received by the Department on September 3, 2025, and is currently pending review.

Sincerely,

Mary F. Bjork
Water Rights Program Analyst
Water Right Services Division
