Portland, OR 97201-6632

Dear Mr. Ring,

OWRD staff identified a typographical error in one of the water right documents associated with the Kernville Gleneden Beach – Lincoln Beach Water District (KGBLB) and Lincoln City Supplemental Settlement Agreement.

Please note the following error:

Typographical Error #1

Permit 54217 (associated with Lincoln City's application S-85339)

The point of diversion (Drift Creek, tributary to Siletz Bay) should have been described by OWRD as being located in township 7 S, instead of township 17 S. This is an obvious typo (Lincoln City did not apply to have a point of diversion south of Heceta Head).

When Lincoln City submits a claim of beneficial use (COBU) and requests that a certificate be issued, please identify this error in the COBU. If a certificate can be issued, OWRD will simply correct the typo at that time. OWRD regularly resolves permit typos in this manner.

I have informed the District #1 Watermaster (Greg Beaman) of this error. In addition, I have taken steps to correct OWRD's computer database, and have included a copy this letter in application file S-85339. I apologize for this error. If you have any questions or concerns, please contact me at 503-986-0820.

Sincerely,

/s/ Mike Reynolds
