The assignment from Arlan Mendell to McKenna Properties 2019, LLC has been recorded in the records of the Water Resources Department.

The Departments records will now show McKenna Properties 2019, LLC as the permit holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 146181 covering the recording fee is also enclosed.

A permit is not a perfected water right and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

The permit required complete application of water to the proposed use by October 1, 2007, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). A Claim of Beneficial Use was received by the Department on August 21, 2017.

Please note that the Department has not received Pump Test as required by the permit. Until such time that a Pump Test is submitted and approved, the Department is unable to complete the review of your Claim.

Sincerely,

Mary F. Bjork
