INTEROFFICE MEMO

May 11, 1994

TO: WATER RIGHT EXAMINERS

FROM: DON KNAUER

SUBJECT: PRE-1909 VESTED WATER RIGHT CLAIM MAPS

Alright you guys, this is a test, DO YOU KNOW WHAT TIME IT IS? The answer is, it's time to get the maps, reports, answers, mylars and all that kind of stuff back to the Water Resources Department. There's talk around the office of putting together a "map-patrol" with a tough leader to travel around and retrieve the required documents.

You may remember, I reviewed maps for compliance with Oregon Revised Statutes and Oregon Administrative Rules submitted to support pre-1909 vested water right claims. For the past few months and up to a year ago I have returned maps, requested mylars, asked for clarification, and asked for reports. Some of these files are getting stale.

It is very important that you give me something, preferably the map, mylar, report, etc. but at minimum you must give me a submittal date. The review of the files cannot be completed without the map, report, etc. It is a deterrent to the claimant, your client, for this issue to go unresolved.

If you need copies of anything in the files, just let me know. I have hand written below the file numbers of those I returned to you. The toll free number is 1-800-624-3199.

RE: File# SWR-485

DEAR FORREST J. HALES,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Leila m. Rocek. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

diversion point location	ORS 539.240 (2) (d) (A) "...in reference to an established corner of the US public lands survey or recorded subdivision..."
conveyance	ORS 539.120 "...the location of and each ditch, canal, pipeline or other means of conveying the water..."
place of use (¼ ¼)	ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..."
diversion point size	OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems."

3850 Portland Rd NE
Salem, OR 97310
(503) 378-3739
FAX (503) 378-8130

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Enclosed you will find a map as requested from Forrest Hales pertaining to Pre-1909 water rights for Leila M. Rochek, 1688 Bobcat Court, Myrtle Point, Oregon.

On April 22, 1993 I talked with a representative from your office. I explained that I had previously applied for surface water use from the Coquille river in July 1992, file # S-72556. At that time pre-1909 court house records were not available to the public showing ownership and use of property. As a result of not having access to these records I believed I would not be able to request pre-1909 water rights. After attending one of your public meetings I felt there was an urgency to make the application. Payment in the amount of \$325 was also made at this time.

In due time may I expect a refund?

Thanking You
