The Department has reviewed the status of your pump test and any requests for extension(s) or exemption(s) for the following permitted well(s). The results are summarized in the table below:

Application	Water Right	Permitted Well	Pumped Well	Test Date	Request Status	Problems	Exemption	Well Name
G 18776	Permit: G 18737 *	YAMH0058077	YAMH0058077	07/12/2025	APPROVED	0		

o Although the discharge rate was not held fully constant, the variability is minimal, therefore the test was conducted as intended per the applicable rules.

Approved pump test letters will be digitally posted to the water right in WRIS; all other pump test letters will be mailed to permit holder.

Please contact me if you have any questions.

Sincerely,

James Hootsmans
