

REGISTRATION STATEMENT CLAIM OF BENEFICIAL USE

Sheet 1 of 2

File# SWR-451

INFORMATION: Clyde D. or Kathryn J. Bivens
Rt 1 Box 242
Drain, OR 97435
Ph (503) 836-2716

Located SE1/4SE1/4, 1.0 Ac, Section 30, T21S, R5W, WM.

On December 19, 1992, I made a survey of the above listed property and viewed the water system installed and in use. I used an assessor map and an aerial photo during the course of preparing this final proof survey and site map.

SOURCE: Water is taken from an unnamed spring, tributary to Fletch Creek, Pass Creek, Elk Creek and the Umpqua River.

DIVERSION POINT: POD 1 Diversion point is an unnamed spring. The collector system spring box is a concrete structure 2 ft x 3 ft x 4 ft with a 1 1/4" PVC pipe outlet going to the stockwater pond and a 1" diameter line which supplies domestic water to the house.

POD 2 is the outlet of the pond. The pond is used for stockwater.

PUMP: F&W centrifugal pump, Model #CPJ10S, 8" impeller, 1 1/4" diameter of intake, 1" diameter discharge line, 15 GPM discharge.

MOTOR: General Electric 1 hp motor, 3450 RPM, 220 volts, 9 amps, directly connected to the pump.

PIPE: One water distribution main line from POD 1 is 1" PVC which delivers water from the spring to the houses. The other water distribution main line from POD 1 is 1 1/4" PVC which delivers water to the stockwater pond. Water from the stockwater pond is pumped through 1 1/4" PVC to the irrigate the garden. At the garden, hoses attached to standpipes deliver water to garden sprinklers. The overflow from the pond is discharged into the same unnamed stream.

USE(S): Water is used for domestic, non-commercial garden, and stockwater.

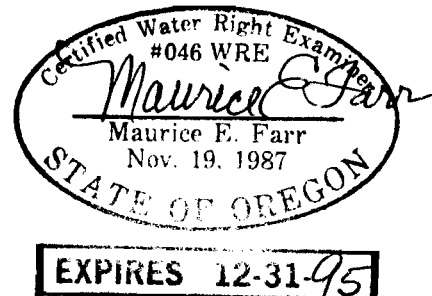

HEAD: Elevation difference between the spring and the house was estimated to be forty feet.

POINT OF BEGINNING: Assessor's maps and aerial photos were used to draw the accompanying map.

CALCULATIONS:	Domestic	0.005 cfs	2.5 GPM
	Non-commercial garden		
	1.0 ac @ 1/80 cfs/ac	0.013 cfs	5.6 GPM
	10 head stock @ 10 gpd/head	0.001 cfs	0.5 GPM
	Pump capacity	0.033 cfs	15.0 GPM
	Maximum rate	0.019 cfs	8.5 GPM
	Maximum duty 2.5 ac/ac*1.0 ac		2.5 ac-ft/yr

REMARKS: The pond stores 3.2 acres of water. The water is used for stockwater where the cattle drink from the pond. The pond is also used as an in-system-storage reservoir for irrigation of the garden. Water is taken from the pond with the pump and pumped downhill to the garden.

The final proof survey and inspection of the use as found to be completed under terms and conditions of File# SWR-451 was completed by me on December 19, 1992, and the facts contained in this report and accompanying vested water right map are correct to the best of my knowledge.

I, Clyde D. Bivens, agree to the findings of the CWRE and do submit this site report and map as my Registration Statement Claim of Beneficial Use of the water provided under the terms and conditions of my File# SWR-451.

RE: Clyde Bivens, SWR #451

Dear Don:

I have had good relations with all but one client. This is Clyde Bivens, SWR # 451. I prepared his map in December 1992 and thus far he has not paid for the product. Because of this, I do not feel obligated to make the corrections to his map as requested in your letter. Until such time as this is resolved, the mylar copy of the map will be retained and no corrections made to it.

Thank you for your counsel and your help.

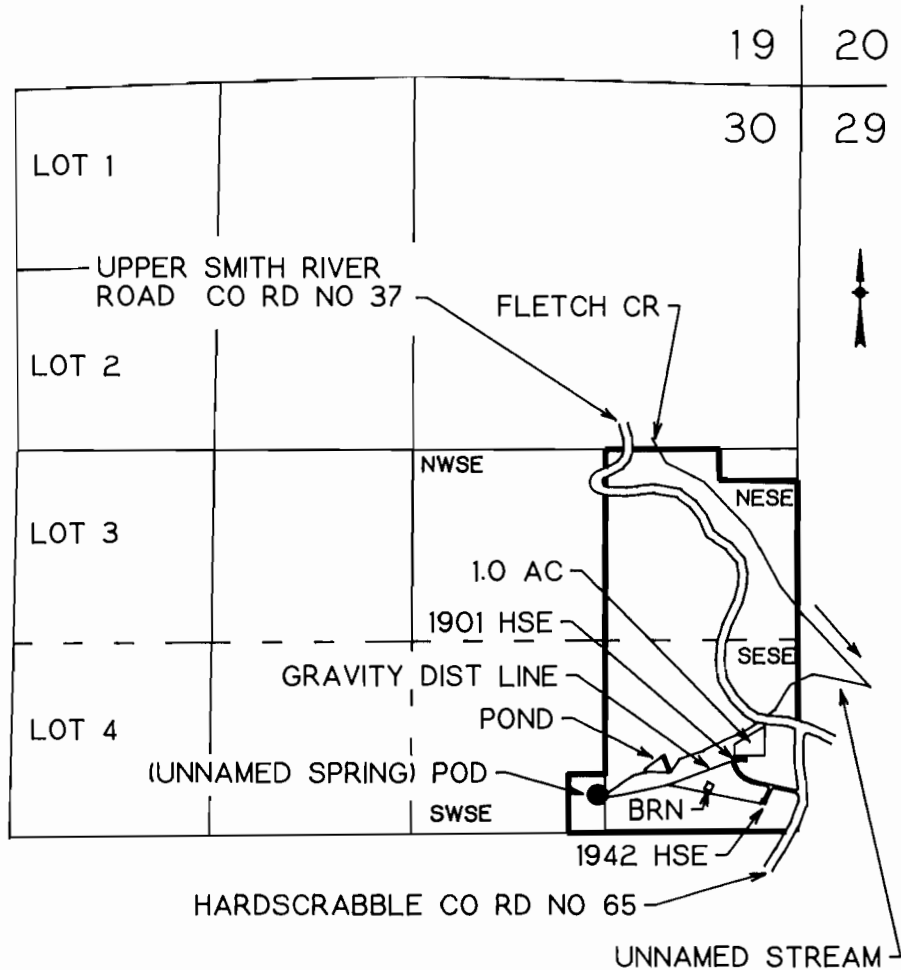

Yours truly,

Maurice E Farr,

Statement

Date: December 21, 1992

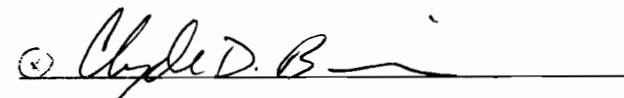

Subject: Water Rights For Clyde D. and Kathryn J. Bivens

To Whom It May Concern:

We purchased the referenced property Acct. # 1056 Located in S30 T21 R5 WWM from Robert and Sarah Ward in 1988.

They had owned the property since 1942. They stated that Mr. Powell built the house and installed the gravity water system in 1902. It had been used continuously since then.

Thank You

Clyde D. Bivens 

Kathryn J. Bivens

re: SWR-451

Dear Mr and Mrs Bivens,

On December 31, 1992 the Water Resources Department (WRD) received a claim to a pre-1909 vested water right in your names, a map, some documentation and fees in the amount of \$ 430.00. I returned the map to the Water Right Examiner, Maurice E Farr, for corrections and completions. He sent me a letter explaining that he will not be remedying the problems with the map until you and he come to agreement on the terms payment for his services.

The map you submitted does not meet statutory requirements. Your claim will not be reviewed until the required map is received by the WRD. You must notify me of a map submission date within 60 days of this letter.

If you have any questions, please give me a call. The toll free number is 1-800-624-3199.

Sincerely,

Don Knauer

WATER RESOURCES DEPARTMENT
INTEROFFICE MEMO

May 11, 1994

TO: WATER RIGHT EXAMINERS

FROM: DON KNAUER

SUBJECT: PRE-1909 VESTED WATER RIGHT CLAIM MAPS

Alright you guys, this is a test, DO YOU KNOW WHAT TIME IT IS? The answer is, it's time to get the maps, reports, answers, mylars and all that kind of stuff back to the Water Resources Department. There's talk around the office of putting together a "map-patrol" with a tough leader to travel around and retrieve the required documents.

You may remember, I reviewed maps for compliance with Oregon Revised Statutes and Oregon Administrative Rules submitted to support pre-1909 vested water right claims. For the past few months and up to a year ago I have returned maps, requested mylars, asked for clarification, and asked for reports. Some of these files are getting stale.

It is very important that you give me something, preferably the map, mylar, report, etc. but at minimum you must give me a submittal date. The review of the files cannot be completed without the map, report, etc. It is a detriment to the claimant, your client, for this issue to go unresolved.

If you need copies of anything in the files, just let me know. I have hand written below the file numbers of those I returned to you. The toll free number is 1-800-624-3199.

WATER
RESOURCES
DEPARTMENT

MAURICE E. FARR
1960 SW BURDETTE DRIVE
ROSEBURG OR 97470

RE: File# SWR-451

DEAR MAURICE E. FARR,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Clyde D. Bivens or Kathryn J. Bivens. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

✓ diversion point location

ORS 539.240 (2) (d) (A) "...in reference to an established corner of the US public lands survey or recorded subdivision..." You must show the diversion point for the stockwater use. If it is the pond, you must show the capacity of the pond.

✓ conveyance

ORS 539.120 "...the location of and each ditch, canal, pipeline or other means of conveying the water..." If the stockwater use is from other than the pond, you must show how it is used.

✓ diversion point size

OAR 690-28-025-(4)-(c) "The dimensions and capacity of any existing diversion systems." This information is required for all uses so that a quantity of water can be computed.

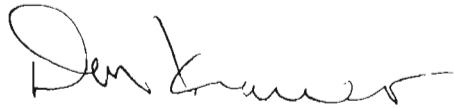

3850 Portland Rd NE
Salem, OR 97310
(503) 378-3739
FAX (503) 378-8130

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

A handwritten signature in cursive script, appearing to read "Don Knauer".

CLYDE D OR KATHRYN J BIVENS
5648 HARDSCRABBLE RD
DRAIN OR 97435

Dear MR OR MRS BIVENS,

This will acknowledge that your Surface Water Registration Statement in the name of CLYDE D OR KATHRYN J BIVENS has been received by our office. The fees in the amount of \$430.00 have been received and our receipt #95814 is enclosed. Your registration statement has been numbered SWR-451.

Our office will review your form and map in the near future. If necessary we will schedule a meeting with you that will include a site inspection. If there are problems with your form we are usually able to take care of them during our visit. We will be able to answer any questions you might have about the adjudication process at that time.

Please feel free to contact this office if you have any questions.

Sincerely,

Don Knauer
