Dear Sir:

This will acknowledge receipt of your application for a permit to appropriate 225 gallons of water per minute from a well for the irrigation and supplemental irrigation of 27.4 acres, a map, legal description, and the fee of \$20 for which our receipt No. 2990 was handed to you. This application has been filed and numbered G-3852.

Enclosed you will find an affidavit of abandonment to cancel that portion of your ground water registration No. 3264 from Sumps No. 1 and 2, as discussed with you in this office.

Our records also show a right for the irrigation of 11.9 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and 3.9 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 7 in the name of Victor Hanauska, as evidenced by a certificate recorded at Page 32048, Volume 24, State Record of Water Right Certificates. This land is to be irrigated from a well located within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 7. The Northeasterly 3.6 acres, which you are now filing on in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 7, appears to be identical with that granted in certificate No. 32048.

If the 3.9 acres as shown in Certificate No. 32048 has not been irrigated at least once every five successive years, it is considered abandoned by law and should be canceled, so this application could be for primary irrigation.

I will withhold further action on your application No. G-3852, pending the return of the signed and notarized affidavit of abandonment and information concerning Certificate No. 32048.

Very truly yours,

CHRIS L. WHEELER
State Engineer
