Dear Mrs. Stitt:

This will acknowledge receipt of your letter dated the 6th inst., relative to a map which you believe was filed with an application for a permit, which application was filed by Ernest Stitt about 1913.

We have searched the records of this office and do not find where any application for a permit to appropriate water was ever filed by anyone by the name of Ernest Stitt. If you will give us a description of the property to which the water right is attached, it may be possible to identify it by this means.

Very truly yours,

Dear Sir

as you have the name wrong in looking up the water right. I will correct that. I don't have the map. I got from the engineer on the right. Q.W. Miller as my neighbor borrowed it and claimed he lost it. But said I might obtain it by paying \$5.00 at your office. If this isn't enough information I will see the engineer here. Probably he could give me the figures it. Mrs Harriet M Stitt

Mr. Charles T. M. Echols  
Registered Land Surveyor  
Brookings, Oregon

Dear Mr. Echols:

This will acknowledge receipt of your letter of April 15, in which you inquire concerning rights to the use of the waters of a stream flowing through the NW $\frac{1}{4}$  NW $\frac{1}{4}$ , Section 4, and the SE $\frac{1}{4}$  NE $\frac{1}{4}$  Section 5, Township 41 South, Range 13 West, W. M., which stream is apparently known as Fish House Creek.

Apparently the only rights of record to the use of the waters of the stream about which you inquire are as follows:

Ernest Stitt, 0.10 c.f.s. for domestic use, priority December 19, 1913.  
Herbert Payne & O. W. Miller, 0.02 c.f.s. for domestic use, priority August 4, 1930.

Fred Hinkey, 0.03 c.f.s. for domestic use, priority January 6, 1931.  
Robert A. Childers, 0.01 c.f.s. for irrigation, priority Oct. 18, 1945.

The records indicate that the points of diversion for the above rights are located in the NW $\frac{1}{4}$  NW $\frac{1}{4}$  Section 4, Township 41 South, Range 13 West, W. M., near the SW corner of that subdivision except for the Childers permit where the diversion point is described as in the NE $\frac{1}{4}$  SE $\frac{1}{4}$  Section 5, Township 41 South, Range 13 West, W. M.

The Hinkey right is to take 0.01 c.f.s. from the West Fork of Fish Creek and 0.02 c.f.s. from the East Fork of Fish Creek. Fish Creek appears to be another name for Fish House Creek.

Due to possible errors in maps submitted with applications, it is possible that there are other rights to the waters of the stream in question which are not shown in their proper locations and for this reason are not listed above. If you will give me the name in which any right that you may be interested in is recorded, I will be glad to make a further search of the records.

Very truly yours,

Thank you for your reply to our letter of Jan. 13th, 1931 relative to the appropriation of water from Fish Creek.

Dear Sir

Enclosed you will  
find proof of appropriation of water under  
permit No 1848

as the water is used for Domestic Supplies  
some of the questions that related to Irrigation  
I omitted, when I made application for  
a permit to appropriate the water I thought  
I would have use for the water in the  
NW  $\frac{1}{4}$  SE  $\frac{1}{4}$  of Section 5, but as it is  
I have no use for the water in that part of  
the section, Therefore I extended the water <sup>purpose</sup>  
only as far as the S.W. Corner of the SE  $\frac{1}{4}$  of the NE  $\frac{1}{4}$  of  
Section 5 T. 41 S. R. 13 W. W.M.

The water is used exclusively in the above mentioned  
tract (S.E.  $\frac{1}{4}$  NE  $\frac{1}{4}$  Sec 5 T. 41 S. R. 13 W)

As I was not financially able to construct the  
concrete dam I used a wooden tank  
which answers the purpose in every  
respect

I am enclosing a money order  
for \$120 to pay for recording fees

Very respectfully
