Dear Sir:

According to the terms of your Application No. 16600, Permit No. 12364, which is for the appropriation of 0.88 second-feet of water from Mission Creek & Champoeg Creek, complete application of water was to have been made on or before October 1, 1939. It appears from our records that you have failed to submit the notice of complete application, although a postcard, calling this matter to your attention, was mailed to you on November 9, 1939.

Section 47-806, Oregon Code 1930, provides: "Whenever the time within which any appropriation under a permit should have been perfected shall have expired and the owner of such permit shall fail or refuse within the period of three months thereafter to submit to the State Engineer proof of the completion of such appropriation as required by Section 47-508, Oregon Code, the State Engineer may, after 60 days' notice by registered mail, order the cancellation of such permit, * * *."

If you have complied with the terms of this permit, you should promptly submit the notice of complete application of water, after which we will send you a blank for use in making final proof. If, however, you have abandoned your plan of development, we would appreciate your authority to cancel the permit, so that the permit may be cancelled without the necessity for following the legal procedure.
