RE: SWR-509

Dear Mr Kreutzer,

I am in the process of reviewing the maps submitted in support of pre-1909 vested water right claims. There may have been some misunderstanding about the required map during the last few months before the December 31, 1992 deadline. As the deadline approached, it was apparent the Water Right Examiners (WRE) would not be able to survey and prepare the required map and site report. We allowed claimants to submit most any kind of map to meet the deadline. We tried to insure claimants understood that the survey, map and site report would be required as soon as the WRE had time to make the field survey and complete the map and report.

The reason I am writing today is about your map. The map submitted does not meet the statutory requirements. I need to know when I might receive the required map from you. I cannot complete my review of your claim without the required map.

If you have any questions, please give me a call. The toll free number is 1-800-624-3199.

Sincerely,

Don Knauer

**Subject:** Surface Water Registrations - Pre-1909 Water Rights

Good Morning, Mr. Kreutzer:

Thank you for your recent request for copies of the surface water registration statement in the name of Lloyd Charles Kreutzer on Willow Creek in Curry County, Oregon.

I note that there were two surface water registrations statements (SWR 508 & 509) for the "Kreutzer" name in Curry County.

The first registration statement, SWR 508, in the name of Lloyd C. Kreutzer was for stockwater use located in portions of Sections 2, 3, 11, and 12, of T31S, R15W. It appears that this property has been purchased by Stonecypher Ranch.

The second registration statement, SWR 509, in the name of Lowell Joseph Kreutzer, successor trustee of the Olive C. Kreutzer Revocable Living Trust was for stockwater use in portions of Sections 9, 10, 15, and 16, of T31S, R15W.

We would be happy to provide you copies of all of the information contained in the files upon payment of the appropriate fees. I have calculated the fees for SWR 509 to be \$10.50 (\$2/first page, and \$.50/page thereafter). Please mail your check to Oregon Water Resources Department, 725 Summer Street NE, Salem, OR 97301. Please note that your check is for payment of copy fees for SWR 509.

If you wish me to calculate the fees for SWR 508, please let me know. I didn't do so as it appears that the property had been sold.

Please let me know if we can be of further assistance.

RE: SWR-509

Dear Mr Kreutzer,

I am in the process of reviewing the maps submitted in support of pre-1909 vested water right claims. There may have been some misunderstanding about the required map during the last few months before the December 31, 1992 deadline. As the deadline approached, it was apparent the Water Right Examiners (WRE) would not be able to survey and prepare the required map and site report. We allowed claimants to submit most any kind of map to meet the deadline. We tried to insure claimants understood that the survey, map and site report would be required as soon as the WRE had time to make the field survey and complete the map and report.

The reason I am writing today is about your map. The map submitted does not meet the statutory requirements. I need to know when I might receive the required map from you. I cannot complete my review of your claim without the required map.

If you have any questions, please give me a call. The toll free number is 1-800-624-3199.

Sincerely,

Don Knauer
