SALEM, OREGON

Don, with reference to our conversation of 07-27-93, regarding CWRE maps, I have put together the following list of the SWR's for our district that do not have a CWRE map, therefore as the maps come in Dwight or yourself can forward a copy to our office.

The maps for SWR #113 and #114 were the only ones that I could find that were too large for the copier. If you could send me the mylar copies it would be greatly appreciated.

RE: SWR-537

Dear Mr Foster,

I am in the process of reviewing the maps submitted in support of pre-1909 vested water right claims. There may have been some misunderstanding about the required map during the last few months before the December 31, 1992 deadline. As the deadline approached, it was apparent the Water Right Examiners (WRE) would not be able to survey and prepare the required map and site report. We allowed claimants to submit most any kind of map to meet the deadline. We tried to insure claimants understood that the survey, map and site report would be required as soon as the WRE had time to make the field survey and complete the map and report.

The reason I am writing today is about your map. The map submitted does not meet the statutory requirements. I need to know when I might receive the required map from you. I cannot complete my review of your claim without the required map.

If you have any questions, please give me a call. The toll free number is 1-800-624-3199.

Sincerely,

Don Knauer
