Dear Don

Enclosed are the following corrected maps:

- (1) Arita and Arlo Harwood SWR 542. I added the 1/16 lines and showed the location of the house.
- (2) Jane Muffett SWR 540 and SWR 539. I added the 1/16 lines.
- (3) Marcella Dailey SWR 452. I showed the location of the house.
- (4) Robert and Fontella Hankins SWR 454. These questions all concern the claimed use of irrigation. Mr. Hankins claims that there was irrigation of 5 acres of potatoe fields prior to 1909 and showed me where he thought it had been. As I explained in my final proof report there is currently no irrigation at this time and no sign that there has been in the near past. There is currently no point of diversion, no conveyance system and only an estimate of the original place of use. I have changed the hatchuring on the map to a dashed line to indicate that the irrigation is not a current use. If you have any questions about this I can be reached at 759-4467 or 267-2872.

Sincerely

Harvey Wilcox

PS: The Benson Creek Stock map is in their possession and I have asked them to send it to you. Also I am no longer an employee of Stuntzner Engineering. I have started my own business called Wilcox Land and Forestry Services, 759-4467, 3190 N. Lake Rd Lakeside, Or 97449. I can also be reached at Stuntzner Engineering as I finish up work that I have started for them.

RE: File# SWR-540

DEAR HARVEY WILCOX,

The Water Resources Department (WRD) received a little over 600 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Jane M. Muffett. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

place of use ($\frac{1}{4}$ $\frac{1}{4}$)

ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." You must show the 1/16th lines on the map.

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer

Dear JANE MUFFETT,

This will acknowledge that your Surface Water Registration Statement in the name of JANE M MUFFETT has been received by our office. The fees in the amount of \$400.00 have been received and our receipt #96011 has been written. Your registration statement has been numbered SWR-540. You have two claims. Claim SWR-540 is the one on Adams Creek.

The map you submitted with your claim is not acceptable. ORS 539.240 (2) (d) requires the map be prepared by a Certified Water Right Examiner (CWRE). Within 60 days of this letter you must send a letter to this address indicating you have contracted with a CWRE to prepare your map. You should send your letter to my attention. In your letter you must identify the name of the CWRE who will prepare your registration statement map. We will contact the CWRE to arrange a map submittal deadline.

We will not be able to process your claim until we have received your map. If you have any questions regarding this process, please do not hesitate to give me a call.

Please feel free to contact this office if you have any questions.

Sincerely,

Dwight French
