

WATERMASTER
WATER RIGHT PERMIT APPLICATION REVIEW

Application Number: S-89848

Applicant's Name: Andreas Blech - Sunny Valley Sand and Gravel Inc.

Evaluation of potential for injury to other water rights:

1. Would the proposed water allocation have the potential for injury to other water rights?
 Yes No

2. If the proposed water allocation will cause injury, can the permit be conditioned to avoid injury?
 Yes No N/A

If "Yes", please list conditions necessary to avoid injury:

Evaluation of appropriate Measurement, Recording and Reporting Condition:

3. Please select the measurement device(s) required for any permit issued under this application.

- Totalizing Flow Meter Other/None – please describe below:
 Staff Gage

The permittee shall install and maintain a staff gage in Reservoir 2 (App. R-87930, Permit R-15320) and Reservoir 4 (App. R-87932, Permit R-15319) that measures the entire range and stage between empty and full reservoir level. The Director may require the permittee to install a totalizing flow meter or other approved measuring device at each point of diversion. The applicant indicated in the application that meters to measure water use will be installed at the diversion pumps located at each reservoir.

4. Please select your recommended reporting requirement for any permit issued under this application. Please consider site-specific information, including but not limited to potential for injury to other water rights, regulation history of the area, and level of stakeholder interest in the application.

- Require recording of volume of water diverted each month and require submission of a report to the Department annually.
 Do not require recording and reporting at this time.

5. Please provide any additional information or permit conditions that are necessary for this application:

Season of use should align with Rogue Basin Program. See OAR 690-515-0040(1)(F).

OAR 690-515-0040(4): Rights to use of water for industrial, power development, or mining purposes granted by any state agency shall be issued only on condition that any effluents or return flows from such uses shall not significantly interfere with recreational, fish life or other beneficial uses of water.

6. Would you like to review a draft of any permit that might be issued under this application?

- Yes No
