The Department has reviewed the status of your pump test and any requests for extension(s) or exemption(s) for the following permitted well(s). The results are summarized in the table below:

Additional well(s) listed on this/these permit(s) may be eligible for a multiple well exemption if they are under the same ownership, within five miles, and drawing water from the same aquifer as the tested well OAR 690-217-0020(3). A request for a multiple well exemption must be made in writing and the form can be found on the Department's website.
