SUBJECT: Specific to General Industrial Notification – Certificates 52974, 75434, 91143, 89043, 34980, 37703, 19785, 76588, 23958, 23959, 23960, 23961, 26351, 26352, 47590, 47589, 76587, and 19783

Dear Roseburg Forest Products,

We have received your letters of February 10, 2026, notifying the Department that Roseburg Forest Products is changing from the specific industrial uses of Stored water under Certificates 75434, 91143, 23959, 23960, 26351, 47589, and 19783 and Surface water uses under Certificates 52974, 89043, 34980, 37703, 19785, 76588, 23958, 23961, 26352, 47590, and 76587, to general industrial uses.

Any general use (new use) of water will continue to occur within the property of the original water right, and the quantity of water used for general industrial purposes will not be greater than the rates and volumes allowed under the original water rights.

The requirements for making the change are established under ORS 540.520(9) and OAR 690-380-2340. Your letters appear to include all of the information required under the statutes and rules. We will file your notifications in our water right records.

Current statutes and rules do not include a process for Department review and approval of notifications of specific to general industrial changes. Any issues associated with eligibility and compliance will be addressed by the Watermaster during normal distribution and regulation activities.

Please do not hesitate to contact me at 503-986-0892 or Joan.M.Smith@water.oregon.gov if I may be of assistance.

Sincerely,

Transfer Specialist
Transfer and Conservation Section

cc: Susan M. Douthit, District 15 Watermaster (*via e-mail*)

Re: Water Right Certificate 23960 Specific-to-General Industrial Water Use Change

The following memo provides the information necessary to complete the specific-to-general industrial water use change for the above certificate.

OAR 690-380-2340

- (1) *The quantity of water used for the general industrial use is not greater than the rate allowed in the original water right and not greater than the quantity of water diverted to satisfy the authorized specific use under the original water right;*

The quantity of water stored for general industrial use will not exceed 270.0 acre-feet.

- (2) *The location where the water used for the general industrial use was owned by the holder of the original water right at the time the water right permit was issued;*

Yes, Coquille Plywood, Inc.

- (3) *The person who makes the change in water use provides the following information to the Department:*

- (a) *The name and mailing address of the person using water under the water right;*

Roseburg Forest Products

PO Box 288

Dillard, OR 97432

- (b) *The water right certificate number;*

23960

- (c) *A description of the location of the industrial facility owned by the holder of the original water right at the time the water right permit was issued;*

T27S, R13W, Section 35, SWSE

T28S, R13W, Section 2, NWNE

- (d) *The quantity of water diverted to satisfy the authorized specific use under the original water right;*

270.0 acre-feet

- (e) *A description of the general industrial use to be made of the water after the change.*

Storage of water as part of the wood products manufacturing process, including log storage and fire protection.
