

WATERMASTER

WATER RIGHT PERMIT APPLICATION REVIEW

Application Number: s-89861

Applicant's Name: Ken Ward

Evaluation of potential for injury to other water rights:

1. Would the proposed water allocation have the potential for injury to other water rights?

☒ Yes ☐ No

2. If the proposed water allocation will cause injury, can the permit be conditioned to avoid injury?

☒ Yes ☐ No ☐ N/A

If "Yes", please list conditions necessary to avoid injury:

limit to human consumption

Evaluation of appropriate Measurement, Recording and Reporting Condition:

3. Please select the measurement device(s) required for any permit issued under this application.

☐ Totalizing Flow Meter ☒ Other/None – please describe below:
☐ Staff Gage

Quantity to be authorized is very small. Alternate means of measuring would suffice.

4. Please select your recommended reporting requirement for any permit issued under this application. Please consider site-specific information, including but not limited to potential for injury to other water rights, regulation history of the area, and level of stakeholder interest in the application.

☐ Require recording of volume of water diverted each month and require submission of a report to the Department annually.
☒ Do not require recording and reporting at this time.

5. Please provide any additional information or permit conditions that are necessary for this application:

This application addresses a long standing problem related to access in a very rural community

6. Would you like to review a draft of any permit that might be issued under this application?

☐ Yes ☒ No
