Reference: Application S-87129, Permit S-54467

The partial assignment from Ryan Maxson and Clark M. and Joan D. Firestone to Arrimeier Properties, LLC has been recorded in the records of the Water Resources Department.

The Departments records will now show Clark M. and Joan D. Firestone, Northwest Farm Credit Services, FLCA, and Arrimeier Properties, LLC as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 147035 covering the recording fee is also enclosed.

A permit is not a perfected water right and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by October 1, 2013, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). A Claim of Beneficial Use was received by the Department on March 20, 2026, and is currently pending review.

Sincerely,

Mary F. Bjork  
Water Rights Program Analyst  
Water Right Services Division
