Dear Ms Pagel:

The Beaver Slough Drainage District is petitioning to file a late claim for pre 1909 water rights. The present Board of Directors thought our district was formed in 1912. While researching our records in preparation of repairing a recent levy breach; I found that the district was actually formed on Sept. 6, 1906. The land owners within the district have used this water continuously for irrigation and livestock watering since before 1906. The directors now realize that The Drainage District might be eligible for pre 1909 water rights.

Sincerely

Ken Messerle Supervisor
